

PRESIDENT WILSON ANXIOUS FOR REPEAL MEASURE TO COME TO VOTE

**Chief Executive Says It
Appears to Him Debate Is
Unnecessarily Prolonged**

SUGGEST "GAG RULE"

**While Suggestions of "Gag
Rule" Are Made the President
Will Not Interfere**

OTHER NEWS OF WASHINGTON

MONDAY IN CONGRESS.

Senate.

Met at noon.
Lobby committee postponed further hearings until tomorrow.

Senator Gronna introduced a bill to create a bureau of farm loans in the treasury department.

Senator Sutherland introduced a bill to permit the government to control the exportation of ores.

Senator LaFollette's resolution to have the record of the inter-state commerce commission's investigation of increased freight rates published for public information was passed.

Senator Thornton denounced resolutions adopted at a New Orleans St. Patrick's Day celebration which attacked him for his support of the Panama tolls exemption repeal.

Adjoined at 5:35 p. m., to noon Tuesday.

House.

Met at noon.
Debate was continued on the rivers and harbors bill.

John Mitchell testified about conditions in the Michigan copper strike district before the mines committee.

District of Columbia legislation was set aside for the day.

Secretary Garrison submitted an estimate of \$2,610,104 for a deficiency appropriation for the army.

President Wilson's allusion to a filibuster on the river and harbors bill to delay a vote on the Panama tolls exemption repeal was followed by hurried consideration of the river bill and delay of other business.

Adjoined at 5:40 p. m., to noon Tuesday.

Washington, March 23.—President Wilson said today that in seeking the repeal of the Panama tolls exemption he not only was asking that the nation do but was going the way of the majority in the Democratic party. He pointed out that when the Panama canal act was adopted a majority of the Republicans then in the house of representatives voted against the bill.

This information was taken in administration circles as the president's answer to the argument that the Baltimore platform made the tolls exemption Democratic doctrine. The president is understood to believe that the majority opinion of the Democrats in the house, as last expressed was a result of more deliberate consideration of the question than was possible at the Baltimore convention. The president made no secret to callers of his anxiety for the repeal measure to come to a vote. Asked if he thought influences were at work to prolong debate unnecessarily Mr. Wilson said it certainly appeared to him as if there had been filibustering.

The president is confident that he will have the majority of his party behind him in the house when the repeal comes to a vote. He has been assured that at least 200 Democrats will support him and many Republicans. Senator James of Kentucky has informed the president the vote would be at least 46 to 24 in favor of the repeal.

Sims Repeal Bill Delayed.
There seemed little prospect tonight of getting the Sims repeal bill before the house until late in the week at the earliest. Debate on the rivers and harbors appropriation bill is dragging with no prospect of immediate conclusion.

Several suggestions of "gag rule" were made but Minority Leader Mann said that while he had heard it reported that the White House had sent word to hasten the repeal, he believed the president had not attempted to interfere with house procedure.

Senator O'Gorman who is fighting early and late against the administration peace policy said today that the committee on inter-oceanic canals would act on the repeal bill in due time but reiterated his statement that the committee would not meet until Senator Crawford returns from South Dakota. In the senate today Senator Thornton of Louisiana, a member of the committee who has announced that he will support the president in the tolls controversy submitted a resolution said to have been

INVESTIGATIONS COME HIGH.

Washington, March 23.—Investigations of various sorts conducted by the United States senate between February 9th, 1910 and March 13th, 1914 cost the government \$163,514.72.

Senator John Sharp Williams, chairman of the committee on expenses furnished the figures to the senate today and urged that investigations should be inquired into. Among the expense investigations were the following:

Cost of living, \$8,700.
First Lorimer inquiry, \$10,141.
Internal revenue customs divisions, \$4,184.
Needs of the people of Alaska, \$1,777.
Second Lorimer inquiry, \$58,166.
Postoffice department, \$2,944.
Trusts, \$2,992.
Senator Stephenson's election, \$12,998.
Titanic disaster, \$6,314.
Campaign contributions, \$8,046.
Disorders in Mexico, \$7,442.
Paint and Cabin Creek coal strike, \$7,937.
Lobbying operations, \$10,159.
The senator merely submitted the figures for the information of his colleagues.

at a St. Patrick's day gathering in New Orleans, protesting against his attitude. Senator Thornton said he did not believe such a resolution had been adopted in any public meeting and denounced it as "scurrilous."

Strong Opposition Develops.
Vigorous opposition developed in the senate today to the bill proposing to sell to the Republic Coal company, a subsidiary of the Chicago, Milwaukee & St. Paul railroad the coal rights of some 2,000 acres of land in Montana. Senators Norris, Fall and Poindexter attacked the measure as special legislation. They said, however, they favored general legislation at this session of congress which would open the coal resources of the country. Senator Walsh urged the passage of the bill, said he believed the people of the west had come to favor the leasing of mineral lands if that was the only way the paralysis now obtaining in the mining industry could be cured. That proposal, he said, would be fully discussed when the general coal land bill and the Alaska coal bill were brought up.

To Conclude Investigation.
Plans for concluding the congressional investigation into conditions in the Michigan district were made today by the sub-committee of the house mines committee. The committee heard John Mitchell, labor leader and Representative McDonald, who represents the affected district in congress. The Calumet & Hecla Mining company through its attorney James A. Emery was requested to furnish data of the financial conduct and history of the company and the committee decided to close the hearings as soon as Quincy A. Shaw, president of the Calumet & Hecla company can be called and questioned as to the attitude of the company toward organized labor. Both Mr. McDonald and Mr. Mitchell urged legislation to prevent the importation of armed guards into strike districts from other states and to prevent strike breakers from being deceived as to conditions in the strike field into which they be taken.

**PRISONERS AT MILITARY PRISON
MAKE SECOND ESCAPE THIS MONTH**

Saw Way Out of Solitary Cell in Prison Basement, Drop 20 Feet to Sewer Level and Crawl 200 Feet Through Sewer.

Leavenworth, Kans., March 23.—Lloyd Bitzberger and Bert Adams who escaped from the United States military prison here March 15th, were captured last Thursday in Omaha and returned to the prison on Saturday, again escaped today by sawing their way out of the solitary cell in the prison basement and crawling 200 yards through a three foot sewer. The escape was not discovered until several hours after the men had gone. After saving their cell bars the men made their way to an opening in the sewer and dropped 20 feet straight down to the sewer level.

Are Caught at Atchison.
Bitzberger and Adams were caught at Atchison, 20 miles north of here late today after they had broken open and robbed a store in that city. They will be returned to the prison tonight.

**THAW COUNSEL FILE MOTION
FOR EXTENSION OF TIME**

CONCORD, N. H., March 23.—Counsel for Harry K. Thaw, announced tonight that they had filed a motion for an extension of time for completing the final brief in the extradition proceedings before the federal court. The brief, which is voluminous, will go to the printers tomorrow and probably will be ready for filing by the end of the week. It was to have been submitted to the court next Wednesday.

WRITER OF NOTE ENDS LIFE IN CHEAP LODGING HOUSE

Harry Thurston Peck, Embarrassed By Financial Difficulties, Shoots Himself Through Head With Revolver.

Stamford, Conn., March 23.—Harry Thurston Peck, formerly a professor at Columbia university and a writer of note whose marital troubles and a breach of promise suit gained him unpleasant notoriety in the last few years, ended his life today in his room in a cheap lodging house by shooting himself through the head with a revolver. He was found lying across the bed by the land lady Mrs. Gottlieb Menz who went to awaken him from his supposed sleep to answer a telephone call from his secretary Miss Margaret McDougall. Dr. Peck was seriously ill at Ithaca, New York, about a year ago from a mental breakdown and was thought to be dying his divorced wife, Mrs. Cornelia D. Peck, a Christian Scientist, attended him and he ultimately regained his strength. His second wife was also at his bedside and there seemed to be no friction between the two women.

Until a month ago Dr. Peck had been living at Riverside, near here. Embarrassed by financial difficulties he gave up his home, engaged a room in a lodging house and took his meals at a small restaurant. He was working on an encyclopedia for a New York publishing house but it appears that he was troubled over a threatened law suit and during the last week did no work, remaining in his room much of the time.

Dr. Peck's health had been delicate the last month and friends feared he was about to have a recurrence of the mental trouble suffered last year. It believed his financial conditions which forced him to give up his fine home and live in modest circumstances touched his pride and made him depressed in spirit. The body was taken in charge tonight by his divorced wife and his daughter, Miss Constance Peck, a teacher in the Hamilton Institute for Girls in New York. His second wife, who lives on Staten Island was notified but nothing has been heard from her.

LOKE BANDIT ROBS UNION BANK OF ALTOONA, PA., OF \$25,000

Robber Makes Get-Away in Stolen Taxicab After Shooting Cashier of the Bank and Customer.

Altoona, Pa., March 23.—A lone bandit who today held up and robbed the Union Bank of about \$25,000, shot the cashier and a patron, terrorized passersby with a shower of bullets and escaped in a stolen taxicab, had not been captured at a late hour tonight. The robber drove up to the bank building upon one of the city's busiest corners at the noon hour. Entering the bank he deposited a satchel on the floor, drove the teller to shelter and shot the cashier, A. P. Rupert in the stomach. He then climbed over the partition and filling the satchel with bills from the counter started to leave the building.

At the entrance he met William Blackburn, a depositor and shot him in the leg. Clearing the street with a volley of shots he drove off in his machine, which it was subsequently learned had been stolen from a railroad station during the absence of the chauffeur. The automobile was later found abandoned in an alley.

**SIMPLIFIED SPELLING ADVOCATES
INCORPORATE ORGANIZATION**

Simpler Spelling Society of North Central States Files Certificate of Incorporation With Secretary of State.

Chicago, March 23.—"The Simpler Spelling Society of the North Central States" filed a certificate of incorporation today, it was announced here, with the secretary of state. The incorporators are President Harry Dean Wigmore and Prof. H. H. Field of Northwestern University, Dean Small and Prof. Chamberlin of the University of Chicago, Judge Jesse A. Baldwin, Bishop S. T. C. Fallows, Dr. W. A. Evans, Dr. W. E. Barton and E. O. Vaile. The board of directors of the society is the same as the executive board of the simplified spelling committee of the Illinois State Teachers' association.

The purpose of the new organization is to take in sympathetic persons and organizations outside of the membership of the original society.

**CORONER'S JURY UNABLE TO FIX
BLAME FOR ST. LOUIS DISASTER**

ST. LOUIS, March 23.—The coroner's jury that investigated the death of thirty persons in the Missouri Athletic club fire two weeks ago could not fix the blame for the disaster it reported today. The responsibility cannot be fixed the jury reported because of the city ordinances do not provide for the regulation of buildings used for club purposes. The jury recommended that satisfactory building laws be passed.

AGED WOMAN DIES.
Manitowish, Wis., March 23.—Wisconsin's oldest woman, Miss Katherine Chudinski, died here today at the age of 109 years. She was an inmate of St. Mary's Hospital for eighteen years. She had no relatives.

Up to a year ago she worked in the garden at the hospital and possessed a remarkable retentive memory.

FOUR OFFICERS RETURN TO POSTS IN IRELAND

DEFECTION IN BRITISH ARMY IS NOW
A CLOSED INCIDENT

Officials Explain to House That Whole Affair Was Due to a Misunderstanding—Believe That Officers Will Not Be Compelled to Fight Against Ulster Men.

London, March 23.—The defection of the army officers who refused to serve in Ulster is now a closed incident, but its consequences are likely to prove far-reaching. Premier Asquith and Colonel Seely, secretary of state for war, made explanations before an excited and turbulent house today that the whole affair was the result of a misunderstanding. The misunderstanding, it was inferred, although they did not say so, was due to misconstruction of the government's plans by the commanding general, Sir Arthur Paget, whereby he informed the officers in Ireland that they were to move on Ulster for a repressive campaign.

Are Satisfied With Results.
General Paget and three senior officers from the Curragh camp—General Gough, Colonel McEwan and Colonel Parker—were summoned to London for a conference. According to official statements the misunderstanding has been cleared away and these officers returned to Ireland tonight. Prior to their departure they said they were satisfied with the results of their visit.

The terms on which the officers remain at their posts were not disclosed, but the general belief is that they were assured that they would not be compelled to fight against the Ulster men. This is considered a surrender by the government.

The Unionists believe the government has participated in a fiasco. They also accuse the government of making a scapegoat of General Paget for their own "colossal blunder."

The future of the home rule bill is uncertain. No declaration of "meeting force with force" was heard from the liberals in the debate in the house of commons today. None of the fiery utterances which marked the speeches of the ministers only last week was in evidence. The army has checkmated the government, according to the unionists' view and the covenanters of Ulster have won their fight.

May Relinquish Armed Force.
No one will be surprised if the government soon relinquishes armed force, as its action had the immediate result of striking a shower of sparks of class jealousies.

Literary newspapers print bitter denunciations of the officers as part of the Tory aristocracy who insist upon the prerogative of ruling the country against the will of the people and they demand the democratization of the army and that the system of offering it from the sons of the rich be superseded whereby officers may be promoted from the ranks. The labor papers are equally bitter and demand to know why privates should not have the same privilege of refusing to fire upon workmen when called upon to suppress strike riots.

"What about the strikers?" was the shout with which the labor members tried to drown Bonar Law's defence of the rights of the officers to refuse to obey orders against their consciences. Conferences of high officers with the king continued today. Sporadic resignations of officers were announced, including those of several of the volunteer forces.

**JURY TO TRY "HANDSOME
JACK" KOETTERS COMPLETED**

Introduction of Testimony Will Begin Today—Jurors Will Vote Death Penalty if Evidence Warrants.

Chicago, March 23.—The jury to try "Handsome Jack" Koettters of Cincinnati, charged with beating to death Mrs. Emma Kraft in a downtown hotel here was completed today. Each man before being accepted by the state announced that he would sign a verdict sending Koettters to the gallows if he felt that the evidence warranted such punishment.

The introduction of testimony will begin tomorrow. Koettters has not indicated what his defense will be.

Stephen A. Malato, assistant state attorney announced that he would try to prove that Koettters used different names, going at different times under the names of John Cutler, George Remmer, Walter Koettter and John Neman. It was under the name of Remmer that he is accused of registering with Mrs. Kraft at the hotel where she met her death. He was living under the name of Neman when arrested in San Francisco nearly a year and a half after Mrs. Kraft was found dead.

**CONDEMNATION OF PROPERTY
IS BEGUN AT CAPE HENRY**

NORFOLK, Va., March 23.—Condemnation of property at Cape Henry needed for the establishment at that point of what is expected to be the nation's greatest fortification was begun today before a jury in the United States district court here. There are ninety odd property owners who are defendants with the Cape Henry syndicate, owning most of the property which is needed.

PROCLAMATION DESIGNATES APRIL 15TH, AS "ROAD DAY"

Governor Dunne Urges Citizens to Celebrate Observance of "Road Day" by Practical Work on the Rural Highways.

Springfield, Ill., March 23.—For the purpose of bringing about the commencement of comprehensive and co-ordinated work upon the roadways of Illinois, Governor Dunne today issued a proclamation designating Wednesday, April 15th as "road day" and urging the state highway commission, the state highway engineers, county superintendents of highways, and other highway officials, to begin practical and effective work upon improvement of public roads.

The proclamation says in part: "It is important that the local highway commissioners, the county superintendents of highways, the good roads organizations and communities unite in the adoption of a plan to organize and carry out this work so as to give the greatest number of citizens an opportunity to celebrate the observance of 'road day' by practical work on the roads such as dragging, grading, draining, hauling and placing gravel, stone or other road material."

"I have requested the state highway commission to suggest what class work might be entered into advantageously."

Co-operation is urged to begin practical and effective work upon the improvement of highways to continue said work and effective work and said work industriously and "pull Illinois out of the mud" which has so grievously clogged her rural transportation in the past."

**CABLES AMERICAN CONSUL
AT PARA FOR INFORMATION**

Nothing to Supplement Message That Roosevelt Party Had "Lost Everything in Rapids" is Received in New York.

New York, March 23.—After waiting all day in vain for further advice regarding the accident to the Roosevelt exploration party in Brazil the American Museum of Natural History tonight cabled to the American consul at Para asking for information. The message said: "Can you obtain any information concerning the Roosevelt party? Wire Santarem. Advise by telegraph at earliest possibility. All expenses guaranteed." Santarem is the town in the state of Para from which Antonio Fiala on Sunday sent his brief message that the Roosevelt party had "lost everything in the rapids."

Nothing to supplement Fiala's despatch was received here during the day. Colonel Roosevelt's friends and family expressed no anxiety about his personal safety but were eager to learn more about the mishap.

They did not know where to address their inquiries.

Hear of No Accident.
Rio Janeiro, March 23.—No advice have been received here of the reported losses suffered by the Roosevelt expedition. The arrival of Colonel Roosevelt is being awaited at Manaus, capital of the state of Amazonas, where the government has arranged a reception in his honor.

**MARRIAGE OF NEW YORK BANKER'S
DAUGHTER FINALLY CONFIRMED**

Edward Breitling Admits That His Daughter Juliet Was Married to Max Kleist Last November.

New York, March 23.—Miss Juliet Breitling, daughter of Edward N. Breitling, a banker was married last November to Max Kleist, a gardener who was employed on an estate adjoining the Breitling family home in Manhattan, Mich., according to a statement authorized late today by Mr. Breitling.

The formal announcement, issued through attorneys was made after repeated inquiries to Mrs. Breitling and her daughter during the last few days had brought forth no confirmation of published stories that a clergyman in this city had filed at the bureau of licenses an affidavit that such a marriage had taken place.

Young Kleist, it is said, went to work in an Arizona silver mine after the wedding. He is 23 years old, four years the senior of his wife. The statement, signed by Mr. Breitling, is as follows:

"I am advised that on the 22nd day of November, 1913, at Grace church, in New York City, my daughter, Miss Juliet Breitling, went through a marriage ceremony, as appears from the records of the church and immediately thereafter returned to our home here, where she has since lived and where she desires to continue to live."

U.S. TROOPS AND MEXICAN FEDERALS ENGAGE IN BRIEF BORDER BATTLE

CHICAGO POLICE SEARCHING
FOR A MRS. JANE JONES

Woman Tells Police Girl Suffering From Poison Is Actress From Pacific Coast, Then Gives Fictitious Address and Disappears.

Chicago, March 23.—The police tonight are looking for a Mrs. Jane Jones who told them that the woman suffering from poison in a downtown hotel last night was Miss Vivian Lyons, an actress from the Pacific coast. Mrs. Jones was called to the hotel by a telephone message from the woman whom she called Miss Lyons. With attaches of the hotel she went to the room and found Miss Lyons unconscious. After promising the police to give them further information about Miss Lyons, Mrs. Jones gave a fictitious address and has since evaded the police.

R. J. Widney who registered from Seattle with the woman, who now is seriously ill from the poison, returned tonight from Kansas City and told the police that she was his wife. He said they had been married several years. They came here from Seattle on March 11th, he said and scouted the idea of Mrs. Widney committing suicide.

"We were happy and contented," he said. "She was not of a despondent nature but always was light hearted and cheerful."

Physicians who treated Mrs. Widney said she was not dangerously ill.

Denies He Is Robert J. Widney
Widney denied that he was Robert J. Widney of Los Angeles who with Mrs. Vivian Merlyn Lyons, a California actress, on at least two occasions had received notoriety in the police in response to a telephone call from Mrs. Lyons found Widney in her apartments suffering from a bullet wound. On another occasion Mrs. Lyon called the police to her apartments and both she and Widney were suffering from poison.

**OFFICIALS OF THE FEDERAL
LEAGUE ADOPT SCHEDULE**

League Officers Also Apply for Injunction to Restrain Former Nap From Playing With Cleveland This Year.

Baltimore, Md., March 23.—The playing schedule of the Federal league baseball clubs was adopted tonight at a meeting here of the officials of the league.

The most important business at the meeting other than the drafting of the schedule was the determination to apply for an injunction to restrain Pitcher Blanding from playing with the Cleveland American League club. President Gilmore telegraphed E. E. Gates of Indianapolis, counsel for the league, instructing him to apply for the injunction at Grand Rapids, Michigan, Blanding being a resident of Michigan.

Blanding, who played with the Cleveland Americans last year signed with the Kansas City Federals but later rejoined Cleveland.

Vice-president Mullen of the Buffalo club said today that Pitcher Kahler of last year's Cleveland team who returned to Cleveland after having signed a contract with the Buffalo Federals, either would either play in Buffalo or not at all. President Gilmore announced that the pennant-winners of the Federal League will issue a challenge to the winners in the National and American Leagues to play for the championship of the world.

**FORMER ROCK ISLAND EDITOR
BRINGS SUIT AGAINST MAYOR**

ROCK ISLAND, Ill., March 23.—Mayor H. M. Schriver and six members of the police force were made defendants in a suit for \$10,000 by John Looney, formerly publisher of the Weekly News. Looney brought the suit for injuries he claims to have received when beaten in the city hall by Schriver two years ago. Looney had attacked the mayor in his paper and the subsequent rioting resulted in state troops being brought here.

OFFICE EMPLOYEES ESCAPE
Winnipeg, March 23.—Several office employees were slightly burned when they climbed down the fire-escapes of the Scott Block, one of the largest office buildings in Winnipeg which was destroyed by fire late today. No one was seriously injured. The loss is \$150,000.

Bring Batteries Into Action.
The preliminary skirmishing which enabled the rebels to bring their batteries into action this afternoon began at day break today and the federals fought stubbornly. They retired from trench to trench on the plains until forced back upon the main force on the slopes of the mountain. The rebels numbered three thousand, with General Toribio Ortega at their head and General Villa in the immediate background. Lerdo, where the largest shoe factories in Mexico are located lies around a shoulder of Cerro de la Hillar from Gomez Palacio. It was taken last night without material defense as the main mountain batteries were planted to command the approaches to Gomez Palacio. It was occupied by the combined forces of Generals Tomas, Urbina, Rosallo, Hernandez and Rodriguez.

General Villa was in high spirits and predicted that Torreon proper would crumble before him.

BATTLE AT TORREON RAGES

BULLETIN.

Brownsville, Tex., March 23.—Route of the Mexican federal army under General Guardiola near Guerrero and the capture of large quantities of arms and ammunition was claimed in official dispatches received tonight at constitutionalist headquarters at Matamoros. According to the despatches Guerrero, sixty miles south of Laredo on the Rio Grande, has been occupied by the rebels.

Agile Pass, Tex., March 23.
American soldiers and Mexican federals engaged in battle yesterday at McKee's Crossing, three miles above Del Rio, on the Rio Grande, in which several federal soldiers are reported killed. A patrol from F. Troop of the Fourteenth Cavalry returned the fire of the Mexicans across the Rio Grande and the shooting continued for ten minutes. One of the Americans was injured. The soldiers of the rebels' army had been cornered and crossed the border. The federals continued firing at the constitutionalists in the water and even after they had reached the American bank and surrendered.

The commander of the American cavalry signalled repeatedly for the federals to cease firing but his signals were disregarded. Finally he ordered his men to return the fire. A number of federals were carried away after the firing ceased.

MISS ANNA E. DAY IS ILL WITH SCARLET FEVER

High School Building Thoroughly Fumigated as Necessary Precaution—Track Team Getting Busy—Other High School Notes.

Miss Anna E. Day, teacher of English and Algebra at the high school is ill at her home with scarlet fever. She was taken sick Friday and at first the attack was thought to be tonsillitis. Miss Day had charge of the debating squads and was in the midst of her work with the teams. She will be out for several weeks and Miss Jeanette Taylor has been appointed as substitute teacher in her place. As a preventive the high school building was thoroughly fumigated Monday evening.

The manual training department is now taking up the work of making rockers and are eagerly anticipating the installation of the new machinery.

Charles and Hiram Drury have been out of school for the past week through illness and Miss Edna Hackett, who has been ill returned Monday.

Miss Martha Simpson, private secretary of Principal C. N. Collins, who has been ill for the past two weeks was able to resume her duties Monday.

The photographer was kept busy at the high school Monday taking pictures of the various classes to be used in the high school annual.

Dale Boxell, captain of the basketball team, had charge of the chapel exercises Monday morning. The students sang in chapel yesterday for the first time in three weeks.

Track Team at Work.

Coach Euland is directing his attention to the track team which will compete in the Western Illinois High School league next May. Yesterday the 20 men took a long run from the Y. M. C. A. building to Illinois college and then back. Some of the men are practicing on the track at Illinois college. Killbrow who is trying out for the dashes is detained at home by the mumps. It has been several years since the high school had such a siege of the mumps and there have been more cases of absence from this cause, perhaps, than any other.

MANY CANDIDATES

FOR CURLEY'S SEAT.

Boston, March 23.—Seven Democrats are contesting for the nomination for congressman in the Twelfth Massachusetts district, to succeed James M. Curley, who resigned recently to become mayor of Boston.

The nomination will be made in the primaries tomorrow. The election will be held April 7. Frank L. Brier and James B. Connolly are opposed for the Republican and Progressive party nominations, respectively.

MR. OSCAR SEAGLE HEARD IN BRILLIANT RECITAL

Famous Baritone and Widely Known Singer Delights Large Audience by His Wonderful Art.

Jacksonville music lovers had the opportunity of hearing Mr. Oscar Seagle, the famous baritone in the Congregational church Monday evening. He was greeted by an unusually large audience, who were delighted to a remarkable degree by his art.

This was the third time that Mr. Seagle had been heard in the city and each time he grows more in favor.

His voice has never stopped growing and last night the singer showed that he is still the hard worker, which characterized his efforts when a student and endeavoring to make his way to the front. He is not only possessed of admirable qualifications in regard to voice but he is a singer who knows how to use his voice to the best advantage.

There are singers who in the technical sense sing well, but whose interpretative gifts are rudimentary. Mr. Seagle is an interpreter as well as a singer, which makes his music durable and linger long in the memory of those who hear him. Few singers have attained to such a place in the musical world as he.

Endowed by nature with a musical voice he has developed it to a remarkable degree and for the perfection of style, ease of emission, versatility and flexibility, he stands among the leaders of today. His program was such as to give him a wide opportunity to reveal the unusual qualities of his voice.

The artist presented songs in French, German, Italian and English which showed his adaptability for compositions calling for every phase of interpretation. The audience was insistent for encores to which he responded most graciously, giving, "Nightingales" by Benksky, "Korsakoff," "Spring," "Rachmaninoff," "Exhortation," "Cook," "Memory," "Fairchild." The "Exhortation" represented a sermon by a negro minister, which had been set to operatic music by the composer and in the singing of it Mr. Seagle revealed still further his extraordinary interpreting ability.

The recitalist was assisted by Mr. Frank Bibb, who played the third group and for an encore sang "Ballet" by Debussy. Mr. Bibb plays with extreme accuracy and produces a tone of unusual purity and power. He catches the spirit of the author and his execution is smooth and devoid of sensationalism. The audience was pleased with his various numbers and in him Mr. Seagle has wonderful support.

The following was the program:

Massenet—"Vision Fugitive" from "Herodiade."

Bononcini—"Deh non piu a me non v'ascondete."

Old French—"L'Amour de moi; Tambourin."

"MOTHER" JONES WILL BE JAILED UNTIL READY TO LEAVE STRIKE ZONE

Aged Woman Arrested on Her Way From Denver to Trinidad—Will Not be Confined in a Hospital.

Denver, Colo., March 23.—Adjutant General John Chase said today that "Mother" Mary Jones arrested at Walsenburg early today as she was on her way from Denver to Trinidad would not again be confined in a hospital.

"I shall either leave her in the county jail at Walsenburg or send her to the county jail at Trinidad," he explained. "I expect to be at Walsenburg tomorrow and will examine the quarters in which Mrs. Jones is lodged. I believe the Walsenburg jail is better than the one at Trinidad and unless I find out differently "Mother" Jones will stay right where she is.

"I understand that Governor Ammons' orders are just the same as they were before that 'Mother' Jones is to be imprisoned until she is ready to leave the strike zone."

WILLIAM TOLAN TO MISSOURI PENITENTIARY

Paroled Convict Arrested in This City—Had Been Brought Here for Treatment of Mental Disease.

Wm. Tolan a paroled convict from Jefferson City, Mo., was arrested here Sunday and was taken back to Jefferson City Monday by a guard from the state penitentiary. Tolan who has been ill at a sanatorium had been guilty of a number of misdemeanors relative to obtaining money under false pretenses. He was sent to prison after conviction in a court at Hannibal and was paroled to Mr. Grammar of Baylis, Ill. There Tolan is said to have attempted to steal a team and wagon.

Later he was brought here for treatment as his friends believe that his misdemeanors are the result of some mental derangement. He is said to be a man of some means so that poverty has no influence in causing him to commit the acts with which he is charged.

Prior to the trouble at Hannibal the man was wanted here for presenting some bogus checks on which he obtained a suit of clothes and a set of harness.

BIG CARNIVAL OF SPORT AND ATHLETICS.

Chicago, March 23.—All arrangements have been concluded for the first annual indoor athletic carnival of the Sportsmen's club of America, which is to be opened in the Coliseum tomorrow night and continued until the end of the week. The carnival promises to be the biggest affair of its kind ever pulled off in Chicago. The first four nights will be largely preliminaries to the grand finale which is to be held Saturday night. Star athletes from all over the middle west are entered to compete in the athletic events. In addition, the program will include competitions in boxing and wrestling, fencing and revolver and rifle shooting.

I wish to announce myself as a candidate for road commissioner of Road district No. 6.

A. W. Jewsbury.

SOCIAL EVENTS.

Mrs. G. W. Brown and daughter, Mrs. Helen Brown Road entertained a few friends informally last evening after the concert for Mr. Oscar Seagle. The time was delightfully spent in a social way and several musical numbers added a charm to the entertainment. A suitable collation was served in charge of Vickery & Merrigan.

Miss Doris Hermes entertained a limited company of her young friends Saturday afternoon at her home on Pine street. Her birthday was the occasion for the party and several hours were very happily spent. Excellent refreshments added not a little to the enjoyment of the afternoon.

RECEIVES ANNUAL REPORT OF NEGRO BUSINESS LEAGUE.

Frank Mallory of Mallory Bros. received recently the report of the convention of the National Business League, held in Philadelphia Aug. 20, 21, 22, and attended by several colored men of Jacksonville. The proceedings of the convention are included in a volume of 311 pages and show in an interesting way the number and variety of colored business enterprises in the United States. Among the professions and occupations enumerated are farming, contracting, market gardening, banking, real estate, insurance, electrical engineering and general merchandising. In an address before the convention the second day of its sessions, Ed. Mallory gave a brief history of the firm and told of its methods of conducting business.

The National Business League is headed by Booker T. Washington and numbers among its members the majority of the more successful colored men of the country.

A LEAP IN THE STORM

In Three Parts with Miss Marion Leonard, the great emotional actress in the leading roll supported by an all star cast.

It opens in a New York tenement where Miss Leonard is living in hopes of finding the means to support herself and little baby. A month before her husband had been killed in a mine accident and Miss Leonard sought the city, leaving her child in the care of a neighbor. She is aroused by a knock at the door. A youth of the underworld, struck by her beauty, has followed her home. He tells her where she can secure work. When he offers her money to pay for a new dress, she understands and drives him from the room. Another knock. It is her landlord. She must pay her rent in the morning.

Follow the story today in pictures at Scott's. The triumph of a good woman over the forces of the underworld. A vivid, vital drama, taken from life. A splendid vehicle for Miss Leonard's emotional acting.

LARGEST MAN IN CENTRAL ILLINOIS DIES AT ARENZVILLE

Peter Baujan Succumbs to Stroke of Paralysis, Sunday Evening—Weighed 510 Pounds and Had Been Over World With the Barnum Show.

Peter Baujan of Arenzville died Sunday evening, from the effects of a stroke of paralysis, which he suffered Saturday. Up until his late illness he had enjoyed comparative good health. He was 63 years of age.

Mr. Baujan was known for his unusual weight tipping the scales at 510 pounds. When a mere boy he began to show signs of developing and when he reached his teens he was a man. On account of his unusual corpulency, various showmen visited him at his home and he was induced by P. T. Barnum, the king of showmen, to go on the road, with his company. Mr. Baujan was then 26 years of age and for nine years he traveled with the show in all parts of the world and exhibited as the largest man living. It was said that at that time he weighed 550 pounds. His mother, who still survives him is a small woman, weighing only 110 pounds. The remainder of his family were of medium size except one sister, Mary, which reached the weight of 440 pounds and for a while she accompanied her brother with the Barnum show.

Mr. Baujan's weight has been a great burden to him in the past years and although only living four blocks from the town he was never able to walk the distance. On election day he was taken to the voting place in a dray wagon. In times past at rallies he occasioned much merriment by being driven about and exhibited as the biggest Democrat in Illinois, for politically Mr. Baujan was a close adherent to the principals of democracy. Mr. Baujan's wonderful size made it necessary to have special furniture for him and an ordinary chair could not withstand his weight. He was a man well educated and could talk intelligently on all the topics of the day. His travels about the world also gave him opportunity to observe widely the various habits and customs of people.

He was born in Prussia, in 1851 and came to this country with his parents when 16 years of age. He is survived by his mother, Mrs. John Baujan and the following brothers and sisters, Mrs. H. C. Meyer, William H. W. Jones, of Arenzville, Mrs. Henry Kruse of Oklahoma, Mrs. Herman Thorn, Mrs. Valentine Herbert and John Baujan of Missouri. Williamson and Cody had charge of the body and it was of such great size that a special coffin had to be ordered, which measured 30 inches wide, 26 inches deep and the usual length.

The funeral will be conducted Wednesday morning at 9:30 o'clock from the Catholic church in Arenzville, in charge of Rev. Father Cronin. Interment will be made in the Arenzville cemetery.

MILWAUKEE CAMPAIGN POLICES. Milwaukee, March 23.—Political leaders gave final instructions to the lieutenants in the Milwaukee campaign today and the lines were drawn tight for the primary election tomorrow, when candidates are to be named for mayor and other officials to be voted for in the next municipal election. The advocates of non-partisan government are making a hard fight to continue the present administration in power, while the Socialists are fighting equally hard to bring about the restoration of the Socialist regime, which came to an end with the non-partisan victory two years ago. It is generally believed that the results of the next election can easily be forecasted from the size of the vote received by the mayoral candidates in the primary tomorrow. The candidates for mayor are Gerhard Bading, the present incumbent, and the head of the non-partisan candidates; Emil Seidel, former mayor and choice of the Socialist party; David S. Rose, another former mayor, and Theobald Otjen, a former congressman.

ASK CLEMENCY FOR MURDERER.

Indianapolis, March 23.—The state board of pardons, which met here today for a session of several days, is expected to receive and act upon a petition for clemency in the case of George Miller, one of four men who were involved in the murder of Mrs. Mary Nichols in this city five years ago. The murder was one of the most brutal and revolting in the records of this county. The aged victim and her garden were at work in a field near her home on the outskirts of the city. The four men, who were under the influence of liquor attacked the couple for the purpose of robbery. The gardener was gagged and tied, but the woman made resistance and was clubbed to death. The proceeds of the robbery amounted to \$7.50, which the four men divided among themselves. All four were convicted and sentenced to life imprisonment. Miller's friends now ask clemency on the ground that he was but 19 years old when the crime was committed and was influenced by his older companions.

ARGUE ABOUT PLANS FOR NEW BUILDING

BOARD OF EDUCATION AGREE UP ON VARIOUS CHANGES.

Some Disagreement in Opinions Between Architect and Members Are Evident—Specifications as to Plumbing and Heating Cause of Differences.

The board of education met in special session last evening and after a long session adjourned having accomplished some things and leaving some things yet to be accomplished. The Jacksonville Plumbing & Heating Co., offered a change in the manner of heating so that each department in the new eighth grade building might be heated separately and it was accepted. They are to report today on the question of changing to the vacuum system. A bid of G. A. Sieber for extra wiring was accepted. The plumbing goods originally shown and chosen by the Jacksonville Plumbing & Heating Co., were adopted.

The Proceedings. The board met and was called to order by the clerk in the absence of the mayor and Member Hall was elected chairman of the meeting. Members Hall, Rogerson and Wells were present. The clerk read the call which was to take action regarding wiring, heating and plumbing of the new eighth grade building. The Jacksonville Plumbing & Heating Co., offered a bid for change from the system at first contemplated to the vacuum or gravity system for \$350 provided their plans were accepted.

The chair wanted to know if the company and the architect had gotten together on the plans and Mr. Buckingham, the architect, said he had not examined the plans yet. At this the chair exhibited much impatience. He said the building was being held up for this work and the contractor was getting impatient. Mr. Hall said he felt the delay was inexcusable and he was tired of it. The other members present felt the same way.

Mr. Buckingham said he had had the plans but fifteen minutes and Mr. Brown, of the contracting company said it would have been useless to submit them to him for he would have rejected them anyway. Mr. Buckingham said it was necessary for him to have the plans and study carefully into their details, make calculations regarding them, the radiating surface and various details all of which would require some time and he must have an opportunity. He denied the statement by Mr. Brown.

The plans of the Plumbing & Heating Co., were submitted and examined by the board and the architect was instructed to get at them and have his answer ready at nine this morning.

The Jacksonville Plumbing & Heating Co., offered a bid of \$250 for changing the mains from the heating plant so that three special divisions could each be heated separately if desired and it was accepted.

There was another misunderstanding regarding the wiring. It seemed that not all the expense of this item had been included in the original figures, some parts having been left out. G. A. Sieber was present and offered a bid of \$169.85 for wiring rooms not included in the original specifications and it was accepted. His bid for fixtures was not acted on.

Then came the real argument of the evening. It was regarding the plumbing goods to be used in the new building. The Jacksonville Plumbing & Heating Co., had chosen the goods made by the Standard Sanitary Manufacturing Co. of Pittsburgh and had said they could not get the goods sold by the Mott Iron Works, the Crane Manufacturing Co., and Wolf. The architect showed letters from these houses stating that they would supply the goods.

The Mott Iron works, Chicago, were represented by D. C. McMillan; the Crane Co., St. Louis, by C. T. Darroch and the Standard Sanitary Manufacturing Co., Pittsburgh, by H. Burckhardt. Each of these had samples of his goods, and to each was granted an opportunity to speak to the board. It was suggested that twenty minutes each be allowed but the gentlemen asked thirty and it was granted and finally five minutes each for rebuttal.

Mr. Burckhardt asked to be last as his good had been accepted and that was allowed.

Mr. McMillan asked that while one spoke the other two be excluded from the room but that was not permitted.

The gentlemen then spoke, each one claiming his goods were the best; pointing out the defects in the wares of the competitors and trying to impress on the board the importance of the best, namely the goods he represented. Some rather lively words were used. The goods made by the Sanitary people of Pittsburgh were denounced by Mr. McMillan and upheld by Mr. Burckhardt and after all had been heard and the goods carefully examined by board they were unanimous in accepting the goods first exhibited by the Jacksonville Plumbing & Heating Co., namely the Standard Sanitary goods made in Pittsburgh and sold by the Crane Manufacturing company. It was decided to do away with the partitions in the board and teachers' rest room and receive from the contractor a rebate of \$25 on his contract.

Adjourned.

VETERAN OF BOTH MEXICAN AND CIVIL WARS DIES AT HIS HOME

Former Lieutenant Commander of the Navy James Parker Dies in His Eighty Third Year.

Perth Amboy, N. J., March 23.—James Parker, former lieutenant commander in the navy, veteran of both the Mexican and civil wars and said to have been the oldest living graduate of the United States naval academy, died at his home here today in his eighty third year.

Commander Parker was born in Newark, Ohio. He entered the naval academy in 1846 and served in the Mexican war as a midshipman under Farragut. He was promoted to a lieutenant in 1855, was made a lieutenant commander by President Lincoln in 1862 and took part in many of the important sea fights of the civil war.

MISS GRACE TROUT CHOSEN.
Chicago, March 23.—Miss Grace Trout, president of the Illinois Equal Suffrage association, was chosen to be chairman of the general suffrage rally here on May 2nd, vice Mrs. John Bass, who resigned because she is going abroad. Miss Trout said too that the meeting would not be held in the Chicago American League Park but that the suffragettes had another place under consideration.

FEDERAL REPRESENTATIVES ENJOINED FROM SPEAKING TO PIRATE PLAYERS

HOT SPRINGS, Ark., March 23.—S. H. Camnitz and John Doe, representatives of the Pittsburgh Federal league baseball club were enjoined temporarily by the circuit court here today from interfering with in any manner, speaking to, writing to, or communicating with members of the Pittsburgh National league team now in training in this city. The injunction was asked by the owners of the Pittsburgh National league club and was sought under an Arkansas statute which prohibits interference with persons whose services have been pledged by contract. No date has been designated for the hearing of the injunction which was made temporary, pending an answer by the defendants.

INFANT SON OF WEALTHY MINE OWNER STRANGLES ITSELF TO DEATH

CLEVELAND, Ohio, March 23.—William Henry Yeomans, baby son of Henry Yeomans, a wealthy mine owner, was left alone in its cab on the porch of its home this afternoon. When the nurse returned she found that a string on its bonnet had caught on a hook on the side of the buggy and turning over, the infant had strangled itself to death.

A train on which the father was traveling to his Colorado properties was stopped near Chicago by means of a long distant telephone message. Yeomans will return to Cleveland at once.

ADOPTS COMMISSION FORM.
Fond du lac, Wis., March 23.—Fond du lac adopted the commission form of government today at a special election by a vote of 1915 to 1334. The new form of government will go into effect a year from now.

ORDERS OUT TRUCKS TO QUELL RIOTS IN WHICH FOUR ARE SHOT

BUFFALO, N. Y., March 23.—The Seventy-Fourth regiment was ordered out for strike duty at 11 o'clock tonight following two serious riots at the plant of the Gould Couper company within the last twenty four hours. One company was sent to DePew at mid-night for guard duty. The riotous scenes today which resulted in the shooting of four men, one of them fatally and the injury of many others were the first serious disturbances since the strike began at DePew shops eight weeks ago.

When word came of the second shooting affray which resulted in the wounding of a special deputy, company representatives made a formal demand on the sheriff for military protection.

It was stated tonight that the lawless element at DePew had received a large shipment of arms today and that an attempt would be made to get possession of the guns and ammunition tomorrow.

CHICAGO PASSES ORDINANCE PROVIDING FOR NEW TERMINAL

CHICAGO, March 23.—An ordinance providing for the expenditure of \$65,000,000 for a new terminal and station for the railroads now using the Union Station here passed the city council tonight. The plan provides for a new station on the same location of the present station but much larger. The present station is at Adams and Canal streets. The railroads who will use the station are the Chicago & Alton, the Chicago, Milwaukee & St. Paul, the Chicago, Burlington & Quincy and the Pennsylvania.

The new station is to cost approximately \$15,000,000. The railroads will have to straighten the south branch of the Chicago river for several blocks downtown and also will improve Canal street, making it double decked and providing for it to be cut through to the north side of the city.

WILSON ENDORSES MOVEMENT FOR STATE WIDE PRIMARY

RALEIGH, N. C., March 23.—Endorsing the movement among the progressive Democrats for a state wide primary, which will be considered at a mass meeting here in April, President Wilson in a letter dated March 21st to Clarence Poe, editor of the Progressive Farmer tells of his interest in the matter.

"I must admit that I was very much surprised to learn that so great and progressive a state was so far behind the procession in a matter of such capital importance to the people," the president wrote. "May I not express my deep interests in your efforts to bring about the necessary legislation I am sure it would cheer Democrats everywhere to see this done by North Carolina."

BUSINESS SECTION OF DURHAM IS THREATENED WITH DESTRUCTION

DURHAM, N. C., March 24.—The business section of Durham is threatened with destruction by a fire which originated in the Duke building, a five story office structure at eleven o'clock last night. Buildings occupying one city block have either been destroyed or badly damaged and the flames have spread to another block.

The fire department is helpless as a result of breaks in the water mains. The loss at 1:30 this morning is estimated at \$1,000,000.

PUTS OUT FIRE BY JUMPING CREEK BUT DIES FROM CHILL

SPRINGFIELD, Ill., March 23.—With her clothing aflame as the result of an explosion, Miss Francis McCabe, 18 years old, today ran to the bank of a stream near here plunged into the ice water and saved herself from incineration. She succeeded in extinguishing the fire and was able to return to her home unaided. A few hours later she died from the effects of the chill and shock of the plunge.

INJUNCTION RESTRAINS CITY FROM PROSECUTION

CHICAGO, MARCH 23.—An injunction was granted in the circuit court today restraining the city from prosecuting milk dealers who fail to pasteurize milk with a device demanded by the city ordinances. The injunction will remain in force until the April term of the supreme court when a decision is expected in a case involving the necessity of using the devices.

IS REDUCED TO RANKS.
Washington, March 23.—Corporal Stephen Nichols in charge of the army recruiting station at Chicago, has been sentenced by court-martial to reduction to the ranks and to lose his pay for three months for failing to keep in custody a deserter soldier who had surrendered himself. Nichols turned the deserter over to a Chicago policeman.

**DENY CONNECTION
WITH SPECIAL TRAIN.**
Chicago, March 23.—Leaders in liquor business organizations today denied any connection with a proposed special train advertised to tour the state.

Announcement that the special train would start from Chicago next Wednesday and visit various Illinois points where the local option question is being hotly contested was reported recently.

MURDERER IS ELECTROCUTED.
Boston, March 24.—William A. Dorr was executed in the electric chair at the Charleston State Prison early today for the murder of Geo. E. Marsh of Lynn, a retired soap manufacturer. The current was first applied at 12:07:25. Dorr was officially declared dead at 12:12:40.

Old Time Sores And Ulcers Healed

Old Wounds Often Bother
Many Years After.

People who have been poulticing and anointing an old sore for years and years marvel at the way it heals quickly after using S. S. S.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood streams just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It causes one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment. And the medicinal elements of this matchless blood purifier are just as essential to well-balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not one drop of minerals or drugs is used in its preparation. Ask for S. S. S. and just insist upon having it. And if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the medical department, The Swift Specific Co., 210 Swift Laboratory, Atlanta, Ga.

"ROAD DAY" IS PROCLAIMED.

The Morgan county citizen who said recently that for years there had been talk on road improvement in Morgan county but that little had been done can give hearty approval to the proclamation issued by Governor Dunne yesterday designating Wednesday April 15th as "Good Roads Day."

This is not a holiday such as is usually appointed by the governor of a state but rather a day for work and all citizens are urged by the governor to unite in an effort to improve the highways of this great state. In one day last year a road was dragged clear across the state of Iowa. The result showed what co-operation can do.

The governor has asked the state highway commission to offer suggestions as to the most practical and desirable work for each locality and the work will thus have some general direction. The appeal of the governor for work in this good cause is wide as he suggests that all road officials, commercial clubs and committees organize in such a way that practically all citizens can be interested and induced to join in the movement. Such a day's labor by thousands of Illinoisans will not only do much toward improving present conditions but will have a lasting effect on the good roads movement and will call attention in a very marked way to the work which can be done and the work which so much needs doing. Governor Dunne has taken a decisive step toward road betterment by this designation of "Road Day."

GETTING THE PEOPLE

TO CHURCH.

Along with countless other cities Jacksonville will observe April 5th as "Go To Church Sunday." Committees have been appointed and the work of arranging for record attendance in all the churches is well under way. The movement is country wide and is designed to get people into the churches who have never been in the habit of attending or who have gradually fallen away from the habit.

There is much in the church going habit and there are a lot of good people who are really interested in the church and what it stands for who do not go simply because they have formed the habit of staying away. There are many people who do not belong to any church, who do not attend any church, yet who recognize fully what the church means to the community and to the country at large.

There will be a great deal of rivalry among the cities for a showing on April 5th and Jacksonville should stand forth as an example and to make a record to boot of. It will certainly not hurt anybody to go to church for one service April 5th and there are strong chances that it will do everybody good. The argument is all in favor of the "Go to Church Program."

"THIS IS MY 17TH BIRTHDAY."

Miss Margaret Carnegie, the only child of Mr. and Mrs. Andrew Carnegie, was born in New York city, March 24, 1897. She was rather frail in her early childhood and probably owing to this fact she never attended the public or private schools, but she received an excellent education from private tutors. She is a devotee of outdoor life and her tastes in this direction have given ample opportunity for development in the summers spent at the Carnegie estate in the Scottish highlands. Miss Carnegie, it is said, inherits the taste of her parents for unostentatious living, in preference to what may be called "society" life. She is the constant companion of her father and since a mere child has shared his interest in numerous works of charity and philanthropy. Congratulations to:

Fanny Crosby, the blind hymn writer, 94 years old today.
Hon. Laurent O. David, member of the Canadian senate, 74 years old today.

Claude Kitchen, representative in congress of the Second North Carolina district, 45 years old today.

Charles A. Korbly, representative in congress of the Seventh Indiana district, 43 years old today.

Charles A. Kennedy, representative in congress of the First Iowa district, 45 years old today.

Jack McAllister, former champion lightweight pugilist of the world, 43 years old today.

Henry M. (Mike) Mowrer, third baseman of the Pittsburgh National league baseball team, 31 years old today.

A primary was held last Wednesday at Arcadia, to select two candidates for highway commissioner for road district number two. Dave Parks and Elmer Henderson were the lucky men, both good fellows and competent to fill the place with credit.

Al Dunlap thought the other morning, that he could reduce the high cost of living by using coal oil instead of gasoline in his gasoline engine, but with all his fine management and good intentions, his engine refused to work on such a diet. He called Warren Daniels as an engine M. D., but the Dr. could never bring that engine out of her dumps until he prescribed gasoline in liberal doses.

The special effort in Baptist Sunday school, Sunday morning, morning, fell to Mrs. Earl Underbrink's class of junior girls. We are glad to report that Mrs. Underbrink and her class came up in fine style and acquitted themselves in an honorable way. They gave an exercise in Proverbs and little Miss Mildred Underbrink sang a solo, in a charming manner, her mamma playing an accompaniment on the piano, bringing much praise from superintendent and school.

Rev. Mr. Dickman came up Sunday morning and filled his regular appointment and preached a fine sermon; Sunday, being the birthday of this reverend gentleman, he was invited to dine at Sunshine Cottage. He accepted the invitation and went at the task as he does in preaching, with earnestness and determination. We do not know how many summers or winters have passed over the good man's head, but if we were to guess his age, we would say he is just in the prime of his life. May he have many more birthdays to spend with his friends.

Mr. and Mrs. George Richardson, of Peoria avenue are the parents of a fine baby son that came to live with them last Thursday morning. Mother and babe are doing nicely.

This office is in receipt of a letter from Mr. and Mrs. John Morrell of Mr. Dora, Florida, containing good wishes, much news of the little town we lived in last winter and a liberal supply of orange blossoms. The Morrells are a fine old couple who own a good farm in Ohio and go to Florida every winter to enjoy the fine climate. They own a nice place in Mt. Dora, on Fifth avenue and have made a name in the sunny south that any one might be proud of. We were fortunate, while they were our neighbors, to share many oranges, grapefruit and vegetables from the Morrell home, for which we are still thankful, and we hold this worthy couple as among our best friends and Christian brother and sister. May they always be happy and live in the land many years.

Good wishes are still coming in from our town friends. The latest cargo is from Shady Lawn and Crum Villa and consisted of boiled ham, fresh eggs and lemon pie.

TRIAL IN OPIUM

San Francisco, March 23.—Eighteen customs officers and others, whose arrest on charges of conspiracy in opium smuggling created a big sensation last August, were arraigned for trial today before Judge Pooling in the United States district court. The arrest of the 18 men was brought about through the efforts of special officers of the treasury department. United States Attorney John W. Weston, who is conducting the prosecution, will endeavor to prove that the defendants were members of a gigantic smuggling ring that has defrauded the government of hundreds of thousands of dollars during the past few years.

Harbingers

BY WALT MASON

The horses shed their winter hair until the stable's full of whiskeys; the busy husbandmen repair their cultivators and their disks. The fire-plank has lost its charm, the racking chair has lost its splendor, and every man upon the farm is rapturing his best suspender. The hens are cackling every day, with optimism glad and sunny—the same fool hens that wouldn't lay in winter time, when eggs cost money. The farmer has ten thousand chores and humps with energy surprising and every where, all out of doors, the glad, some sounds of Spring are rising. The jostling robins and the wrens are warbling in the trees like dingy-ers, and even the dippy guinea hen imagine they are concert singers. The old gray mule, which has no voice (although the blamed beast never knew so), attempts to make the world rejoice by imitating Rrerr Caruso. Old Winter's day at last is o're—it was a sort of sob-sigh day; the world seems fresh and young once more, as though just young once more, as though just young once more.

And every living critter feels the influence of youth within it, and in air it kicks its heels, and yells will capture every minute.

ALFALFA AND LIVE STOCK**HOPE FOR HIGHER PRICED LAND**

Economy of Production, Increased Yield and Conservation of Food Values are Essential to Profit on High Priced Land.

Alfalfa and corn solves the problem of carrying live stock. Farmers see natural skeptics. They have been told so many things that are not true that they instinctively distrust new things. Particularly hard is it for them to realize that many old things have passed away. This conservatism costs the farmer much money, but its absence would probably have cost him more.

Saviors of Gold Brick.
When he is told that alfalfa is the most valuable crop he can take off his ground, his ear is dulled. The assurance saviors of the gold brick offer. He is willing to let his neighbor try it. He wants to amend the scripture. He would like to make it read: "Let thy neighbor prove all things and then hold fast that which is good." I do not accept such revision of the scripture. I allowed myself to be scared out of two years' profit from alfalfa in DuPage county; then I showed them—they saw.

Alfalfa growing would be useless without live stock. Stock growing is costly without alfalfa. The man who has alfalfa and the silo has learned the last lesson in economical handling of stock on the corn belt farm. The imperative demand of this insistent day is for greater yields per acre. The farmer who fails to heed this demand will fail of profit. It is as inexorable as death. Cattle can no longer be bedded in corn; Illinois lands are no longer that rich. Economy of production, increased yield and conservation of food values are essential to profit on high priced land. The elevator with its alluring price has cast a shadow over the soil of Illinois. Corn growing, profitable to the present generation for years, already gives evidence of the folly of stock abandonment, and with each recurring year the vice of farming without stock will be more disastrously emphasized. Corn, alfalfa and stock will redeem already depleted soils, insure further deterioration, and insure profit on lands unprecedentedly high in price.

An Anomalous Situation.

I do not argue alfalfa. I declare it. If the farmer is indifferent to argument he should be amenable to fact. Note this monstrous anomaly in our situation. A state association has been formed of thinking, acting, achieving men to force dollars into the pockets of their fellow farmers! The Illinois Alfalfa Growers' association came into being for this express purpose. It has nothing to sell. It does not seek votes. It has no axe to grind, but its members spent time, effort and money to force on the attention of the farmers of this state the most valuable plant that ever grew on Illinois soil. Ought not this fact drive its way home to the mind of every Illinois farmer?

Men Farm for Money.

Enough facts are known to destroy indifference and enforce action. The live stock situation in this country is serious. Prices are high beyond precedent for meat making animals, because grain farming has so largely superseded stock farming. The situation threatens the ultimate value of our land, and the present comfort of our consumers. It is idle to outbush. This is the fact—men farm for money. Illinois farmers have not generally abandoned stock because they preferred grain farming, or because they did not realize the desirability of maintaining fertility; they quit because profits quit. They will turn again to stock when they realize the decreased cost of production of meat animals and dairy products effected by silage and alfalfa.—W. R. Goodwin, managing editor, Breeders' Gazette.

PRIMARY IN SOUTH DAKOTA.

Mitchell, S. D., March 23.—Closing a spirited campaign in which the chief interest has centered in the contest of the Republican factions for United States senator and for governor, the voters of South Dakota will go to the polls tomorrow to express their preferences for national, state and county officers, to be voted for at the next election.

United States Senator Coe L. Crawford is a candidate for re-election and is supported by the progressive wing of the Republican party. Opposed to him as the standard bearer of the opposing faction is Congressman Charles H. Burke. E. S. Johnson of Yankton, for many years the South Dakota member of the National Democratic committee, is the choice of the majority faction of the Democratic party for the seat of Senator Crawford.

Governor Frank M. Byrne is a candidate for renomination and has been endorsed by the convention of the majority faction of the Republican party. Other aspirants for the gubernatorial nomination are Henry B. Anderson, the choice of the minority faction of the Republicans; R. O. Richards, who is out as an independent, and J. W. McCader, Democrat.

KING AND KAISER TO MEET.

Vienna, March 23.—Emperor William, who is on his way to his villa on the island of Corfu, will be met at Venice tomorrow by King Victor Emmanuel. The diplomatic world is inclined to attach considerable significance to the meeting of the German and Italian rulers at this time. Vienna understands the meeting to have been arranged designedly for the purpose of strengthening the links in the chain binding Germany, Austria and Italy in the Triple Alliance, with a view to the possible necessity for further concerted action of the three powers, both in the Balkans and the Mediterranean.

An Open Letter to Sangamon County Democrats

Dears Sirs: It is important that you go to the polls Tuesday to vote in the Democratic primary for the nomination of a candidate for the circuit bench to fill the unexpired term of Judge Owen P. Thompson of Morgan county. The spirited contest between Judge Francis E. Baldwin of Morgan county and Norman L. Jones of Greene county has been a very friendly one, and nothing should be said or done that would prevent harmonious support of the party nominee, but we should not be blind to the logic of the situation.

Sangamon, Macoupin, Morgan, Jersey, Greene and Scott counties constitute the district. Morgan is the largest county to have a candidate. Sangamon has no candidate. This county has depended upon Morgan county for many years for support of legislative candidates. Sangamon county Democrats can now give Morgan county recognition by supporting Morgan's candidate for circuit judge. It will help cement the friendship of these counties, which are in the same senatorial district, and which will continue in close relation.

The volume of litigation in Morgan county entitles that county to a resident judge.

Back of all this, and of vital importance, is the fact that Judge Francis E. Baldwin of Morgan county is a strong man, a judge of experience, a lawyer of ability, a man of integrity, a Democrat of principle and broad vision whom all can and should support.

Democrats who vote for Judge Baldwin Tuesday vote for the best interests of Sangamon county and the entire Seventh judicial circuit.

SANGAMON COUNTY DEMOCRAT.

The above open letter to Sangamon county Democrats appeared in the Illinois State Register and the Springfield Record Monday.

It reflects the views of thousands of Sangamon county Democrats.

It is unsolicited proffer of good will towards Morgan county Democrats and their candidate.

Morgan county Democrats should respond to this conciliatory expression of sentiment by unanimously supporting Judge F. E. Baldwin in tomorrow's primary to succeed Judge O. P. Thompson.

COUNCIL PLANS TO BUY AUTO HOSE AND CHEMICAL WAGON

Bids Were Authorized At Session Yesterday—Election Will Be Called To Settle Matter Of Adopting General School Law.

At the Monday session of the City Council the City Attorney was instructed to draw an ordinance to call an election on the question of the adoption of the general school law in Jacksonville. At that time so that the ordinance can be passed and the 20 days notice required by law given the election will be held April 21st, when two members of the Board of Education are to be chosen. The Council authorized the asking of bids for a hose and chemical auto driven truck for the fire department. Some other matters of less importance were also given attention.

After the roll call the clerk read a communication from the Illinois Water survey asking that some data relative to the water supply situation in Jacksonville be sent them. This matter was referred to Commissioner Brennan. A proposition was read from the Willis Shaw Machinery Co., offering to sink a large well and equip it with a pump etc. out on the Widenham-Daub lands at a total cost of \$6800, payment to be made at the rate of \$475. per month. This communication was also referred to Commissioner Brennan although it is understood that this is not the type of a well that the city intends to sink. An inspection report was read referring to two of the boilers in the light plant. Some defects in condition were pointed out but were referred to as being unimportant. A communication was read from E. J. Merriman living at 738 E. State Street in which the writer complained about a bull dog owned by Commissioner Newman. Mr. Merriman said that he considered this dog a menace to the safety of the children in the neighborhood and it should be kept in restraint. He said he appealed to Mr. Newman about the matter in vain and for that reason was bringing it to the attention of the council. This communication was referred to Mr. Engel, commissioner of the department of Health and Safety. The resolution presented by John E. Hall at the last meeting of the board of Education and certified to by R. L. Pyatt, Clerk asking an election on the general school law question was read and on motion of Mr. Newman seconded by Mr. Engel was adopted. Mayor Davis said that the next step would be for the council to instruct the city attorney to draw an ordinance covering the matter. He said he thought that it would be possible to adopt the ordinance with an emergency clause at the next regular meeting and thus make it possible to have the election at the same time as the Board of Education—April 21st. Mr. Knollenberg said that if at all possible the election should be held at the same time the board of education members are selected as about \$300. of election expense could be saved in this way. By a vote of the council City Attorney Thompson was instructed to draw an ordinance which will meet the legal conditions. On motion of Mr. Knollenberg properly approved claims were allowed payable when funds were available. Commissioner Engel mentioned the recent ruling of the Utilities Commission which makes it possible for policemen and firemen in uniform to ride on the street cars free and mentioned that Supt. Miser said that the Jacksonville Street Railway company would permit this without any resolution on the part of the Council. Mr. Engel said he would like the Council to authorize a notice asking for bids for a new auto driven hose and chemical wagon and said he was having plans and specifications for the same drawn. Mr. Engel said also that the purchase of this equipment would be in accordance with recommendation of the board of insurance underwriters. On motion of Mr. Brennan with a second by Mr. Knollenberg the council ordered that bids be asked for. Mr. Newman brought up the question of Utility franchises and suggested that it was time for the Council to take some action thereon. Mayor Davis replied that it would be possible to take up the franchises again next Monday. He said that the last franchises the Council considered had not been given any special attention by the Street Railway company but that Mr. Miser now had copies and would go over them this week and express his wishes in behalf of the Company.

The election ordinance calling an election to be held for members of the Board of Education in the 3rd and 4th wards was given a second reading and was adopted. Officials for this election were named as follows—

Third ward, 1st Precinct—Judges Mrs. Mary C. Pierson, Edward Kinnor, John Minter; Clerks Patrick Devlin, C. McCullough, A. H. Atherton;

Third ward, 2nd Precinct—Judges Mrs. Ida Milburn, Carl Joaquin, J. W. Catherwood; Clerks Wm. Mwing Michael Crow, J. Clancey.

Fourth ward—1st Precinct Judges—J. J. Brennan, Daniel Bahaan, Mrs. Caroline Reid; Clerks Charles Elliott, Roy Goodrick, John M. Butler;

Fourth ward—2nd Precinct Judges Wm. Dalton, Frank Vickory, P. P. Thompson; Clerks J. W. Hamilton, R. I. Dunlap, Harry Clement.

BROKE COLLAR BONE.
Fred Walbaum Jr., of Alexander is suffering from a fractured collar bone, sustained last week while at work loading baled straw onto a wagon. He was standing on the wagon and loading the straw by means of a hook which slipped and threw him to the ground. Dr. J. W. Robinson was called and the wound attended. At last reports the patient was improving in a satisfactory manner.

MEMORIAL RESOLUTIONS.
The following resolutions were recently adopted by Grace M. E. church:

The death of Dr. J. T. McFarland, which occurred on Dec. 22, 1913, was a distinct and almost irreparable loss to Methodism. Doubtless the crowning work of his life was in the educational field as editor of our Sunday school publications. In this work he was the acknowledged leader—a recognized authority, not only in our own but in many other evangelical churches.

To us, as members of Grace church, his memory is dear because he was at one time our beloved pastor. For five years—from 1891 to 1896, he ministered to this church in holy things. The recollection of that ministry is like "ointment poured forth." Many of us recall the earnest and forceful sermons, delivered so deliberately and with such pathos and intensity of conclusions.

Few men were so gifted in prayer as he. He seemed to lift his hearers into the very presence of the infinite, and in the most comprehensive manner his public petitions seemed to embrace the deepest needs of his congregation. In his pastoral work he was tender and sympathetic, a wise and safe counselor, a friend ever ready to comfort and assist.

But Dr. McFarland was not in any sense a weakling. His disposition, by nature strong and impetuous, was under the control of an iron will. On rare occasions his wrath flamed forth against the unrepentant workers of iniquity. He was the uncompromising foe of unrighteousness both in civic and private life. He could not tolerate in himself or others anything that savored of deceit or insincerity or untruthfulness.

One of the charming traits of Dr. McFarland, was his extreme modesty. Although he was a man of marked ability he did not obtrude or push himself forward into notoriety. In lowliness of mind he seemed to, "esteem others better than himself."

The official board of Grace M. church, recognizing the fact that "a prince and a great man has fallen in Israel;" and proud for the reason that this leader was for many years our loved and venerated pastor; has directed that this tribute of our affection be inscribed on our church records and a copy of same sent to Sister McFarland.

We commend our dear sister and her family, "to God and to the word of His grace which is able to build us up and to give us and inheritance among them that are sanctified."

SMALLPOX AT ALEXANDER.
Alexander has another case of smallpox. Saturday, the same day quarantine was lifted from the residence of Thomas Gant, Norman H. Aulbaugh was reported ill with the disease. According to the attending physician, his condition is not of especial seriousness.

FREE TREATMENT EXTENDED THREE DAYS

Dr. E. O. Gable, the Chicago Specialist, will return to the Hotel Dunlap, from 9 a. m., Monday, March 30, until 8 p. m., Wednesday April, 1.

He Has Decided to Continue His Great OFFER for this Trip Only.

DR. EDWIN O. GABLE
Author of the Neuropathic System of Treating Disease.

Owing to the great number of sufferers that called upon me last trip to take advantage of my Great Free Treatment Offer, which I made to introduce my system of treatment in this vicinity, there were many I did not get an opportunity to see, and for this reason I have decided to continue this offer, for three days, and will be at Hotel Dunlap from 9 a. m., Monday, March 30, until 8 p. m., Wednesday, April, 1, receiving patients from 9 a. m. to 8 p. m.

My Neuropathic system of treatment relieves disease by removing the impurities from the blood, by restoring normal circulation and secretions and by relieving the pressure on and irritation of the nerves. When this is done almost every chronic case is bound to be relieved no matter what organ of the body is affected. I have been successful in giving relief to many chronic cases where other treatments had failed. No matter how long you have suffered or what your disease is, I ask you to come to me. Let me examine you and see if you can be relieved by the new system of treatment. I will give you an examination, my professional opinion, and my services free of charge.

This new system is very successful in all forms of curable chronic diseases. It gives almost immediate relief to irritation and weakness of the muscles and nerves of the heart. I absolutely believe that I can relieve almost every case of acute and chronic rheumatism, no matter in what form or how much you have suffered. It removes the rheumatic poison from the blood. This treatment gives speedy relief to kidney troubles, irritation and diseases of the bladder and all forms of weaknesses of these organs. It is very successful in blood diseases, skin troubles, such as eczema, pimples, etc. It gives almost immediate relief to stomach troubles, dyspepsia, fermentation, constipation, liver troubles and nervous diseases.

I want you to understand that I do not pretend to cure every case of these troubles. If the disease has too badly destroyed the structure before I see the case I cannot do so. This is why it is necessary for me to make a personal examination of each case. I must see exactly what the trouble is, then I can tell you positively what I can do for you. I treat all curable forms of chronic disease and weakness of the eyes, failing sight, catarrh and deafness, head noises and sick headache. If you suffer, come and see me. There will be no charge for my services to all who call this trip. I am going to make regular visits to Jacksonville each month, and I want to examine and treat two or three hundred people to show them that my new system of treating diseases is the most scientific treatment. Remember, I invite every sufferer, rich or poor, to call on me on this trip. It may mean a great deal to you. Let me demonstrate my new system of treatment.

BRITISH CONSUL AT GALVESTON REPORTS ON DEATH OF BENTON

**Inquiry Into Britisher's Death Is Concluded and
Finding Sent to London Office--Believe
Rancher Was Stabbed to Death.**

Washington, March 23.—The inquiry into the death of the Scotch-
man Benton, five weeks ago in Juarez, directed by the British foreign
office has been concluded and today the results were laid before the

William S. Benton

The killing of William S. Benton by General Francisco (Pancho)
Villa and the failure of the United States to obtain the facts as to
the manner of his death or the possession of his body caused serious inter-
national complications. Benton was a Scotchman who had a large
ranch in northern Mexico.

British ambassador here for transmission to London. The investigation
was conducted by C. E. S. Perceval, the British consul at Galveston
whose district includes the town of El Paso opposite Juarez. Originally

SEE IF THE CHILD'S TONGUE IS COATED

Mother! Don't Hesitate! If Cross,
Feverish, Constipated, Give "Cal-
ifornia Syrup of Figs."

Look at the tongue, mother! If
coated, it is a sure sign that your
little one's stomach, liver and bow-
els need a gentle, thorough cleans-
ing at once.

When peevish, cross, listless, pale,
doesn't sleep, doesn't eat or act nat-
urally, or is feverish, stomach sour,
constipated; has stomach ache, sore
throat, diarrhoea, full of cold, give a
teaspoonful of "California Syrup of
Figs" and in a few hours all the
foul, constipated waste, undigested
food and sour bile gently moves out
of its little bowels without griping,
and you have a well, playful child
again.

You needn't coax sick children to
take this harmless "fruit laxative";
they love its delicious taste, and it
always makes them feel splendid.

Ask your druggist for a 50-cent
bottle of "California Syrup of Figs,"
which has directions for babies, chil-
dren of all ages and for grown-ups
plainly on the bottle. Beware of
counterfeits sold here. To be sure
you get the genuine, ask to see that
it is made by "California Fig Syrup
company." Refuse any other kind
with contempt.—Adv.

RUB SORE, LAME BACK STOPS BACKACHE AT ONCE

Rub Backache and Lumbago Right
Out With a Small Trial Bottle of
Old St. Jacobs Oil.

Back hurt you? Can't straighten
up without feeling sudden pains,
sharp aches and twinges? Now lie-
ten. That's lumbago, sciatica or may-
be from a strain, and you'll get
blessed relief the moment you rub
your back with soothing, penetrat-
ing "St. Jacobs Oil." Nothing else
takes out soreness, lameness and
stiffness so quickly. You simply rub
it on and out comes the pain. It is
perfectly harmless and doesn't burn
or discolor the skin.

Linger up! Don't suffer. Get a
small trial bottle from any drug
store, and after using it just once,
you'll forget that you ever had back-
ache, lumbago or sciatica, because
your back will never hurt or cause
any more misery. It never disap-
points and has been recommended
for 60 years.—Adv.

GREAT INTEREST IN THE NEW JERSEY ELECTION

Primary to Be Held Today to Fill
Vacancy Caused by Death of Con-
gressman Bremer.

Washington, March 23.—Both
Republicans and Democrats in Wash-
ington are awaiting with consid-
erable interest the outcome of the con-
test in the Seventh New Jersey con-
gressional district, where a primary
is to be held tomorrow for the nomi-
nation of candidates for the seat
made vacant by the recent death of
Representative Robert G. Bremer.

The final choice will be made at a
special election, which Governor
Fielder has called for April 7.
The Wilson administration quite
naturally is desirous that a strong
Democratic shall be nominated and
elected to succeed Congressman
Bremer. The latter belonged to the
Democratic party and the election of
a Republican to succeed him would
of course be hailed by the Republi-
cans as a repudiation of the Wilson
policies in the president's home
state. The Seventh has always been
regarded as a pretty close district
and as some of its large manufac-
turing interests are understood to
have been adversely affected by the
new tariff the Republicans entertain
strong hopes that they will win in
the April election.

According to the latest reports
received here a dozen Republicans
and half as many Democrats are
contesting for the nomination of
their respective parties. In addition,
the Progressives and the Socialists
will have candidates on the ballot.
Whoever is elected will have less
than a year to serve, as another con-
gressman will be chosen at the gen-
eral election in November to fill the
regular term beginning March 4,
next.

A NOVEL TEAM.

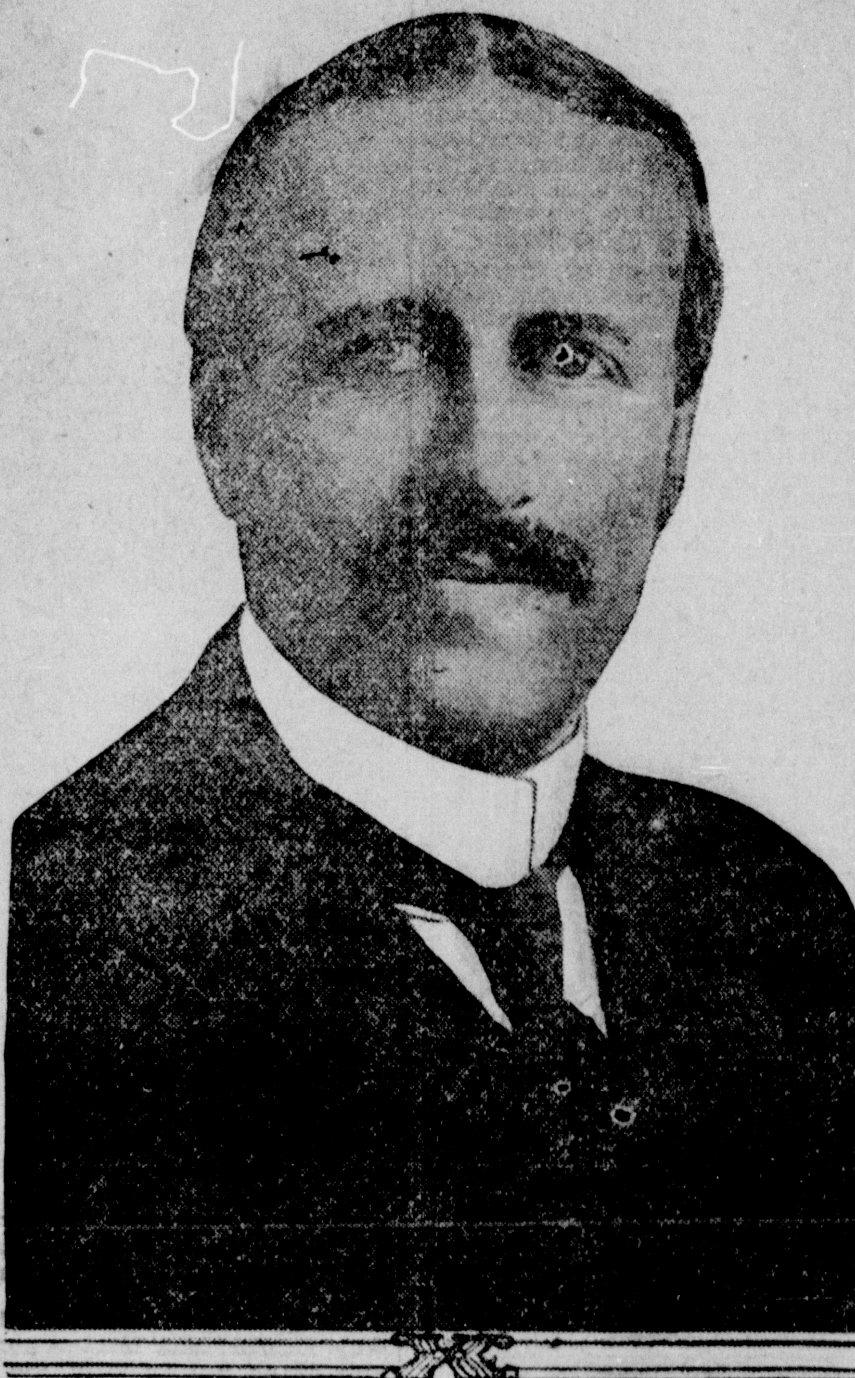

J. E. Kennedy drove to the city
yesterday from Arcadia, precinct,
ten miles away, with a novel team.
One was a good sized horse and the
other a diminutive Shetland pony,
which could have run under the
other animal. He said the midge-
was three years old and the team
was as good a pair of animals as
he ever drove. He found the roads
a trifle muddy but came right along
and created considerable comment
as he passed through the square.

I wish to announce myself as a
candidate for road commissioner for
road district No. 7.

C. W. Cully.

ordered to El Paso to co-operate with the commission appointed by
Secretary Bryan to inquire into the Benton case. Mr. Perceval, find-
ing that the American commission was helpless to act as the result of
the refusal of the rebel leaders to allow them to exhume and examine
the dead Briton's body conducted an investigation on his own account.
He employed such agents as he thought necessary and secured a mass
of testimony bearing upon Benton's death. Much of this was collected
in secret because of fear of the witnesses of punishment at the hands
of the constitutionalist leaders and for that reason not even the names
of the witnesses will be given publicly at this time. From the complete
evidence that he was able to obtain, Consul Perceval reports that Ben-
ton disregarding the advice and appeals of his wife proceeded directly
to Villa's headquarters with the double purpose of protesting against
the spoliation of his ranch and to secure the privilege of marketing his
cattle in the United States. The testimony quoted by the consul makes
it appear that Benton was unarmed when he entered Juarez and sought
Villa's headquarters; that he entered Villa's office, that there was a
tremendous scuffle followed by perfect quiet. No witness could be
found who heard the sound of a shot. Benton did not emerge from
that office alive, but where and when the body was removed the report
does not disclose.

The consul drew the inference that Benton had been killed by a
knife and that his body had been secretly removed and interred some-
where in the immediate neighborhood, though there was no direct tes-
timony adduced to sustain this inference. The substance of this report
will be communicated to Secretary Bryan and the report itself will be
transmitted to the British foreign office. According to the British view
nothing further can be done in the case at this stage. The report of
the Carranza commission appointed to investigate the Benton killing is
awaited with much interest and will be received by the British gov-
ernment as information at least. Nothing now is expected from the
American commission which Secretary Bryan today said was inactive,
as it has been for many weeks.

British Consul Charles A. S. Perceval

Charles A. S. Perceval, British consul at Galveston, was chosen
to represent Great Britain in the investigation of the killing of W. S.
Benton by Villa's orders. He lived in Montclair, N. J., several years
and married Miss Dot Berry, a Montclair girl.

"BURLINGTON WAY" DESTINED TO BECOME VERY IMPORTANT ROAD

Highway is Backed by St. Louis Interests and by Live Men All Along the Route Traversed—Extensive Amount of Work Already Done Indicates What Can Be Accomplished by Co-Operative Action in Road Improvement.

(From Burlington Hawk-Eye.)
The "Burlington Way" promises to become as well known over the central west as the "Burlington Route" is over the whole country. It is a route running between St. Louis through Illinois to Burlington, covering certain roads which will be so improved that they will furnish attractive features for automobilists. A map of this way is printed on this page, and will show that, it is a comparatively direct one between the two cities. It will surprise many to observe how far east of the Mississippi at points it runs without at all going out of its line to this city. It is not a straight path, for the reason that the best roadways through that part of Illinois have been selected for the route.

In some cases there have been bursts of rivalry between certain cities for the roadway, and it is significant that no matter what influence was exerted at the time, the best roadway was selected in each case, showing that the main object was a first class highway, over which automobiles could run through Illinois and into Iowa.

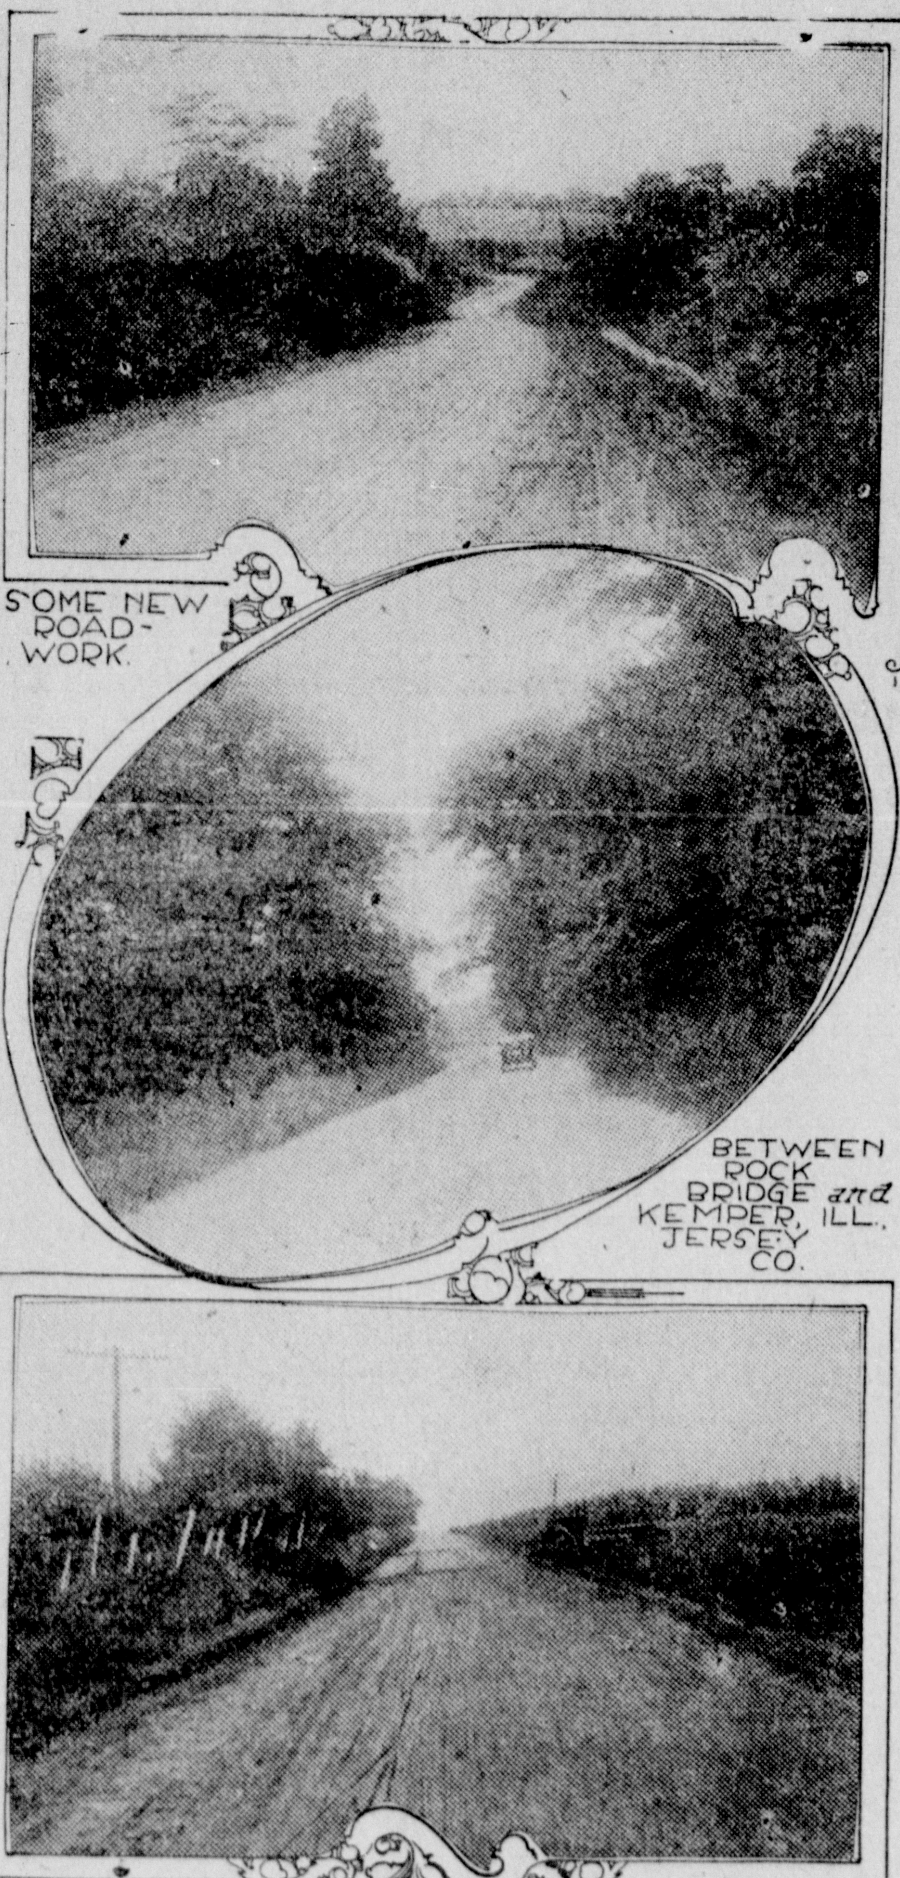

It crosses the Illinois river once, at Beardstown.

The work of establishing the trail was promoted by H. C. Wilhite of Greenfield, C. J. White of Beardstown, George Kuhlman of Beardstown, M. B. Metcalf of Greenfield, Dr. S. C. Stremmel and Van L. Hampton of Macomb. These officials appointed vice presidents is each of the towns along the trail to further the project. Through them funds were raised and work performed on sections of roadway they have in charge. After each rain the trail was dragged, hedges have been cut and trimmed along the approaches, and bridge crossings have been graded, so that travel is facilitated and the drainage improved.

The marking of the present route was accomplished by the organizers last July. The united efforts of the officials enabled them to mark the entire distance within two weeks.

State Road Law.

Mr. H. C. Wilhite of Greenfield, Ill., through whose personal efforts and enthusiasm much has been accomplished in this enterprise, sends to the Hawk-Eye a lot of facts con-

ROCK BRIDGE and GREENFIELD, ILL. 20 mile IMPROVEMENT

ALONG THE "BURLINGTON WAY" AUTOMOBILE TRAIL.
The above pictures are made from actual photographs, showing the well kept highways and the natural beauties along the southern stretches of the trail.

Starts in St. Louis.

The new trail starts in St. Louis, runs through some of the best towns in Illinois, branches from Macomb to Blainville and LaHarpe, and thence to Fort Madison. From Fort Madison it runs north to Burlington, where it ends at the Hotel Burlington. The distance over the entire line is 246.3 miles. To be accurate, it starts at Twelfth street and Washington avenue, St. Louis. An orange yellow band, flanked above and below by white, is the guiding mark. These guides are painted on telegraph and telephone poles from that point to Burlington. The line proceeds from its starting point in St. Louis to the McKinley bridge, on which it crosses the Mississippi river. Arriving on the Illinois side, the line passes through Granite City, then, in order named, Alton, Godfrey, Brighton, Blass, Medora, Kemper, Rockbridge, Greenfield, White Hall, Rockhouse, Manchester, Murrayville, Woodson, Jacksonville, Arenville, Beardstown, Frederick, Rushville, Littleton, Industry, Macomb, Blainville, LaHarpe, Fort Madison, Weaver and Burlington.

The route crosses the Mississippi river twice, at St. Louis and Ft. Mad-

cerning the Burlington Way. One great benefit it has received is the endorsement which the line through Illinois has been given for the state hard road law.

Every foot of the way and maps showing the same are piled in the office of the secretary of the state highway commission at Springfield, Ill.

In Madison county, Ill., \$34,000 will be spent in hard roads on this trail, and many counties through Illinois will devote their apportionment of such money to the Burlington Way trail.

The official signs, ordered at the annual meeting, October 24, 1913, are finished and ready for planting. Sixty-five of them are required throughout the route. They are three feet square, painted in orange and white, by a first-class sign artist. These signs will be placed one mile on each side of every city, town and village enroute and a twelve-foot cedar post, painted white, with an orange band, will go with each sign. It is said without contradiction that the Burlington Way signs are the finest ever made for any trail. They were designed by Dr. Chas. P. Franz of Burlington, vice-president of the

Burlington Good Roads Association and president of the Burlington Auto Club.

The paint used on the Burlington Way markers and marker posts, as well as on every one of the 7,500 poles on the 243.3 miles between St. Louis and Burlington, which will be painted this spring, is furnished free by the Mound City Paint and Color Co., of St. Louis. The firm estimates that it would take two hundred gallons of paint to complete the job. When all is finished, the Burlington Way will be the best marked trail in the world. Not only that, but a trail which will be constantly in first class condition.

A Valuable Folder.

Not stopping at that, the Burlington Way Association appointed a folder committee, composed of Walter B. Tietz, chairman, editor Medora Messenger, Medora, Ill.; Chas. Schaefer, editor Star-Enterprise, Beardstown; Victor H. Haven, editor Greenfield Argus, Greenfield, Ill.; and Ray B. Pearce, editor White Hall Republican, White Hall, Ill., who have designed and now have almost ready to go to the printer a map guide and route folder of forty odd pages, 3x7 1/2 inches in size. The folder is handsomely embraced in the colors of the trail, orange and white. The front cover has a cut of the Burlington Way sign. The first page will give description and route and introduction. Pages three and four will give exact mileage from St. Louis to Burlington and from Burlington to St. Louis. Each town will occupy the same position in the guide as it does on the map, which will be 7x10 inches, folded up and pasted on the inside of the back of the cover leaf. The folder will contain advertisements of the best hotel and garage, barber shop, restaurant and drug store in each town enroute. Ten thousand of these folders will be printed by the Pearce Printing Co., of White Hall, Ill., and a free distribution made through the auto garages and hotels of the central west.

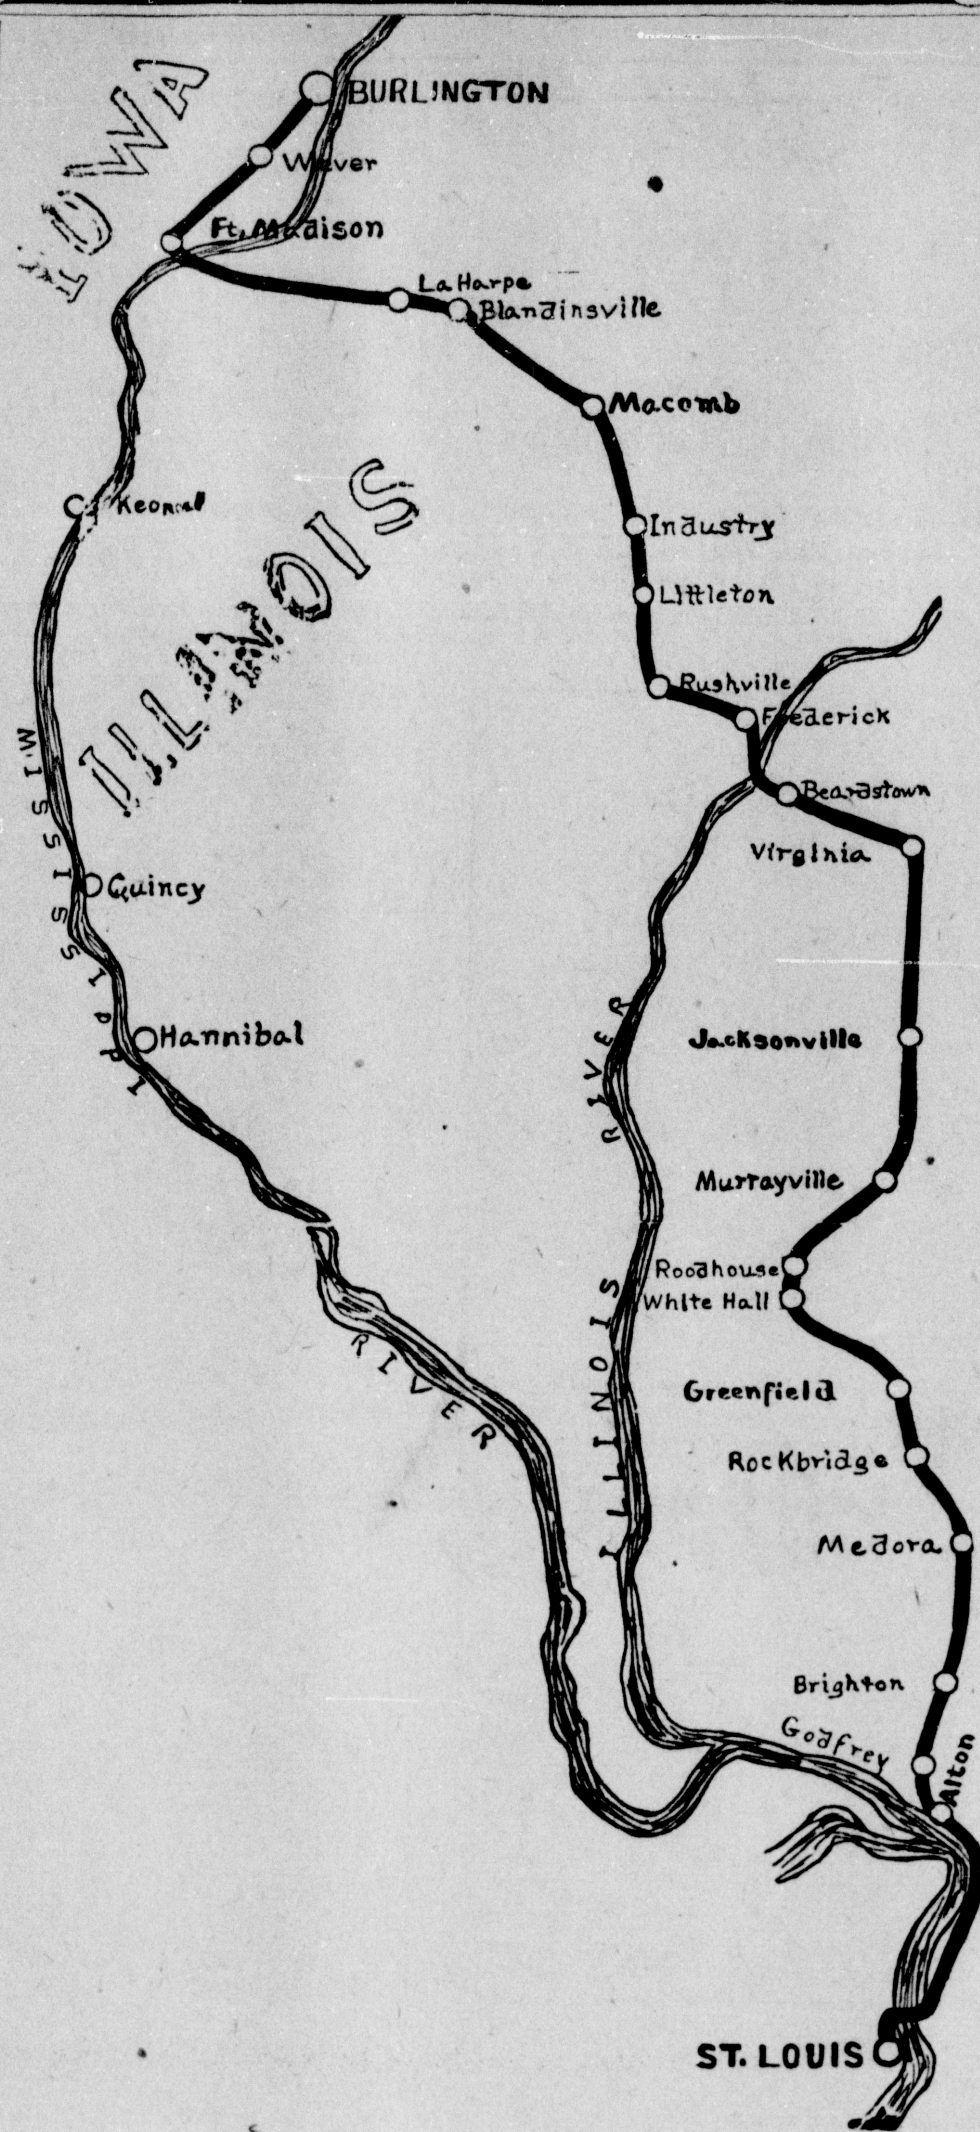

A Unique Effort.

Nothing of this kind has even before been done in promoting good roads for the help and guidance of the public. The cost of painting the 7,500 road poles will be about \$250, and this has all been guaranteed by the association. The sixty-five signs will cost \$125, and they are paid for, as well as the sixty-five cedar posts, which cost about sixty cents each, when finished. The 10,000 folders will cost \$212, with over \$300 in paid advertisements having been secured to date.

Another fine thing about the trail is the fact that the St. Louis Auto Club is getting behind it, and will use its influence in promoting it. Every other important town along the trail is also alive, and as soon as the spring opens up a lot of road-making and grading will be done along the trail.

North from Burlington.

Among the most aggressive workers along its portion of the trail will be the Burlington Auto Club, which,

Burlington Good Roads Association and president of the Burlington Auto Club.

BURLINGTON WAY GUIDE POSTS.

This guide, which is declared to be the handsomest of all such designs in the country, was designed by Dr. Charles P. Franz, president of the Burlington Auto Club. The post is cedar, painted white, with a band of orange below. The board is three feet square, and is painted white, with a black border and black lettering, except the large lettering forming the words "Burlington Way," which are white on an orange ground. There are sixty-five of these guide signs placed one mile on each side of each city. In addition to them, 7,500 telephone poles along the route will be painted with the Burlington Way colors, an orange band with a white band above and below it. When all is completed, it is said this trail will be the best marked one in the United States.

As it will be seen, has already taken an important part in the plans for the way. It is not only interested in the trail as it extends southward from the city, but hopes to be influential in furthering the trail toward the north. Last fall it appointed a strong committee to confer with the promoters of the "Red Ball" route, which goes on to Minneapolis, to make some arrangements to share the route that has been laid out by those people, so that the Burlington Way may be continued northward to the Twin Cities. The Red Ball Way starts from St. Louis, and runs north through Missouri to St. Paul and

IRONTON TO VOTE ON NEW CHARTER

Ironton, Ohio, March 23.—The city charter which is to be adopted or rejected by the voters of Ironton at the special election tomorrow embodies the most advanced ideas of municipal government ever proposed for any city in Ohio. It provides for the direction of all municipal affairs by five commissioners with the aid of a city manager. The five commissioners are to choose one of their number as mayor and they also will have the power to appoint the city auditor, city solicitor and city treasurer. The city manager will have the appointment of the heads of all departments and will be in charge of all the business now transacted by the executive branch of the city government. The charter provides for the recall, the initiative and referendum, and non-partisan primary elections. It also establishes the eight hour day for all work done by the city or by contract. The new charter if adopted will become effective June 1.

MI-O-NA FIRST AID

TO SICK STOMACHS

Distress after eating, belching of gas and undigested food, that lump of lead feeling in the stomach, sick headache, biliousness and lack of energy, indicate dyspepsia. Now—at once—is the time to remove the cause and stop the distress.

Mi-o-na is the remedy. Surely get a box of these health-restoring tablets from any druggist today. Their action is safe, effective and immediate. Besides quickly stopping the distress Mi-o-na soothes the irritated walls of the stomach and strengthens the gastric glands so that they pour out their daily supply of digestive materials—your food is promptly digested and assimilated, the entire system is properly nourished—you feel strong, energetic, and perfectly well.

Mi-o-na is not an experiment—it is not a cure-all—it's a scientific remedy recommended only for indigestion distress and out-of-order stomachs. These health-giving and harmless tablets are a household remedy—keep them handy whether at home or traveling. Always sold on the money back if not benefited plan. You can surely afford to try a fifty cent box of Mi-o-na on this basis.—Adv.

PEOPLE EVERYWHERE WANT FOLEY KIDNEY PILLS

What the majority of the people want is sure to be the best of its kind. That is why a majority of the people want Foley Kidney Pills for all kidney and bladder ailments, rheumatic troubles and urinary irregularities. They know that once Foley Kidney Pills are taken, good results follow. Foley Kidney Pills are healing, tonic and strengthening. Their effect on weak, inactive, sluggish kidneys is prompt and positive. They are made with one supreme end in view; to give to sufferers from all disorders of the kidneys and bladder, no matter how affected, relief from their misery and strength from their weakness, by driving out the cause of the trouble in the quickest and surest way. Kidney trouble not only means the familiar symptoms of backache, pains in back and hips, weak back and soreness over the kidneys, rheumatic pains and swellings. But it means also a dull headache, sleeplessness, loss of appetite and energy, dizziness and impaired eye sight, and a nervous run-down and tired state of being that drives away ambition and energy. Men and women are alike subject to kidney and bladder ailments, and annoying urinary troubles that are a torment by day and a sleep-disturber by night. Foley Kidney Pills regulate quickly and give the kidneys just the help nature needs to restore their healthy action. We do not claim that Foley Kidney Pills pay the largest percentage of profit to the middlemen, but we do claim they give relief, comfort and sound health to the greatest number of those who use them, and in the shortest possible time. You can get them in 50c and \$1.00 sizes. The \$1.00 size contains 2 1/2 times as many as the 50c size.

N. B. In taking any course of medicine, and particularly for kidney troubles, it is advisable to use a good cleansing cathartic. We advise Foley Cathartic Tablets. They are fine in effect and work in harmony with Foley Kidney Pills.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCKS PURSUE UNEVEN COURSE BUT CLOSE SHOWS GOOD GAIN

Strength is Displayed at Opening and Session is Enlivened Occasionally by Buying of Stocks.

New York, March 23.—An uneven course was pursued by the stock market today but at the close prices were well above last week's final range. The session was enlivened occasionally by buying of stocks.

The strength was displayed at the opening. New Haven began the day 14 higher, influenced by announcement of a settlement in the negotiations for dissolution of the system. The stock quickly lost its advantage, however. Bearish traders made a concerted attack and the list surrendered the opening gains, which in some cases amounted to a point. But the decline failed to bring out stocks and the market rested around Saturday's closing level until the afternoon when another advance was begun.

The Hill stocks led the upturn, on which Northern Pacific rose more than three points. The familiar rumor that Great Northern would take over Northern Pacific's interests in Burlington opened the way for an extra distribution on Northern Pacific, was revived but there was no authentic information. The upward movement spread through the list being helped by reports of impending developments of a favorable nature in the Mexican situation. New Haven advanced with the general list as did Baltimore & Ohio, despite its poor report for February. Among the industrials the coppers benefitted from the increased demand and higher prices for the metal here and abroad. Steel made a poorer showing than the other leaders but ultimately joined in the general movement upward.

TRANSACTIONS IN CORN RUN INTO MILLIONS OF BUSHELS

Severe Punishment is Brought to Speculators Who Had Been Aggressive in Selling the Market Short and Prices Jump Higher Than at Any Time Since December 18.

Chicago, March 23.—Corn today jumped higher than at any time since December 18th. Transactions ran into millions of bushels and brought severe punishment to speculators who had been aggressive in selling the market short. The outcome was a steady close at an advance of 1/4c to 1 1/4c net.

When finished with a gain of 1/4c to 1 1/4c net, provisions were the same as Saturday night to a rise of 5c.

It was the west and south that started the excitement in corn. Advances seemed to indicate that cash buyers in both directions had become not only unable to supply the feeding demand but had found contrary to first reports that bidding above the market did not bring any material increase of offerings from rural holders in Iowa and Illinois. Des Moines was said to be tendering unsuccessfully what would be equal to 71c at Chicago for corn to go west.

Flight seized the corn shorts when on attempting to cover extensively about mid-day, the fact was disclosed that the market had been hopelessly oversold.

Commission houses were in possession of the whole pit surplus and there was no way out of the difficulty but for the leading bears to give up the fight. Profit-taking on the part of the holders allowed the market finally to recede somewhat from the top prices of the session.

Wheat played second fiddle to corn and a rather slow second at that. As in corn there was too much short selling early and a scramble to cover later on. A big decrease in the visible supply had considerable to do with the tightening of the market. Attention was also given to southwestern reports of foreign bids for new wheat and to talk of a certainty of future low supplies for the mills northwest.

Oats developed strength with corn. Trading however, was not nearly so active as in the case of grain.

Provisions formed no exception to other staples in responding to the corn bulge. Longs took advantage of the situation and indulged in realizing to a moderate extent.

VALUE OF RHEUMA

FROM THE COURT

Judge Barhorst Was Relieved of Rheumatism After Doctors Failed.

If you have tried many other remedies and doctors' treatments for rheumatism and found they failed, do not be skeptical about trying RHEUMA. Read the testimony of Judge John Barhorst of Port Lorraine, O.:

"After treatment by three doctors without result, I have been cured of a very bad case of RHEUMA by using two bottles of RHEUMA. It is now two years since I used the remedy and I am still as well as ever. Previously, I was a cripple, walking with crutches."

Such testimony should be convincing. 50 cents a bottle at all drugists.—Adv.

SERVICES FOR MRS. ALEXANDER SMITH ARE HELD AT STATE STREET

Funeral Conducted by Rev. H. D. French and Dr. Morey is Largely Attended.

The funeral of Mrs. Alexander Smith was held Monday afternoon at State Street Presbyterian church of which Mrs. Smith had been an earnest and devoted member. The services were conducted by Rev. H. D. French assisted by Dr. A. B. Morey and were quite largely attended. The music for the services was supplied by a quartette, Mrs. Wm. Barr Brown Jr., Mrs. Percy Jenkinson, Messrs. J. L. Johnson and R. M. Hockenbush.

Dr. Morey read from the scripture and offered a prayer and then Mr. French spoke briefly. He said in part: "When death comes as it did to Mrs. Smith there is inevitably a shock. With some people when we have seen them lingering along we are almost prepared for the end, and we can almost see the chariots as they come to bear away our friends. But I think we have had it in our hearts, how little difference there is in the way we go, so long as we really enter into life. So long as we are forgetting and putting aside the unimportant things and pressing forward into life, the ending of the earthly voyage counts but little. The great fault with us is that many of us do not have the disposition to prepare for the future life now. All of us intend at some time or other to make peace with the Creator but there is a disposition to put off the time."

"If our departed friend could give us any message today I believe that it would be a message urging us not to delay that day but to prepare for the future now. If any one were to choose a time to die I do not think that there could be a more beautiful time than that in which the end came to Mrs. Smith. She had her eyes trained upon the future. She was marching onward, searching for light and at the very time when she was eagerly reaching out and seeking this light, once the glory dawned and her search was satisfied and her hunger appeased."

"During the special services in this church last week the eager way in which she listened and seemed to fairly drink in the thoughts of the minister, so beautifully expressed was noted by a number of people. One sermon was from the text 'For me to die is gain,' and on that night the sermon seemed to carry a special message for her heart. When we can all come to a realization of the meaning of that text, 'For me to die is gain,' then indeed will we have attained our rightful position in the Christian life."

The flowers were cared for by Mrs. Nannie Matthews and Mrs. Lillian Frost.

Interment was made in Diamond Grove cemetery and the bearers were: John R. Robertson, T. B. Buckthorpe, F. L. Sharpe, Walter Ayers, F. J. Andrews, Henry Stevenson, C. R. Taylor and E. B. Wiswell.

Among those from a distance who were here to attend the services were: Rev. Dr. and Mrs. F. M. Rule of St. Paul, Minn.; Mrs. Rube being a sister of Capt. Smith; Major Johnson of Springfield, custodian of the Lincoln monument; Mr. and Mrs. Arthur Adams of St. Louis, Mrs. Adams being a sister of the deceased; Alexander Smith Jr., of the Hyde Park Hotel, Chicago; Dr. A. W. Foreman of White Hall and Mrs. Myers of St. Louis.

Can You Do Better.
Chamberlain's Cough Remedy is a medicine with an established reputation and that is widely esteemed for its excellence. Can you do better than to keep it in your home? Mrs. L. B. I gave it to my son Boyd for croup and whooping cough and have used it myself for bronchitis. The results have always been highly pleasing." For sale by all dealers.—Adv.

'BURLINGTON WAY' DESTINED TO BECOME VERY IMPORTANT ROAD

(Continued From Page Ten)

In influencing not only the making of permanent roadways along the route, but the dragging and grading of the dirt highways in the most approved fashion.

The Road Drag.
The split log drag or some of its modifications has proved beyond doubt the best tool for earth road maintenance. It is sometimes called the road hone. This drag may be made with either two split halves of logs from six to eight feet long and six to eight inches thick, shod with iron, or with planks from three to four inches thick, shod with iron, or sometimes by splitting a railroad tie with a saw. It is drawn by two horses and designed to run at an angle to the axis of the road. The object of the drag is to move a small quantity of earth and also to paddle the surface. The two half logs are set parallel about three feet apart with the smooth side facing downward. They may be connected with any desired system of braces about six inches from the ground, but the drag should be rigid, and that is best secured by having two diagonal braces.

The first dragging may not produce much apparent benefit, and the operation requires patience and persistence. The road is dragged the entire length of the section, which should be such as can be finished in one day. Where the travel after dragging tends to form two tracks with a center ridge of loose earth the drag should be run directly in the center, or a slicker or clod smasher may be used to reduce the ridge. One immediate result which is beneficial will be the distribution of travel, which is prone to follow ruts. Repeated draggings will eventually produce a harder surface which sheds water well and a good crown, which should be kept about an inch to the foot except on heavy grades, where the crown may be increased to shed water more quickly.

The Patrol System.
The essential factor in earth road maintenance by dragging is to have a definite mileage of road in charge of a responsible man who owns a team of horses and lives on or near the road. Dragging can seldom be arranged to occupy the whole time of a team, and some form of unit price is therefore required. As a rule, when a general system of road dragging is established in a community a healthy spirit of rivalry develops among the men in charge of separate sections, and good results follow.

It always pays to have a man on earth roads part of the time, and strict maintenance cannot otherwise be realized.

(There is a slight error in the map of the road shown. The route is not from Jacksonville to Virginia but from Jacksonville to Beards-town through Concord.)

PIMPLY? WELL DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets and Dr. Edwards' Olive Tablets do that which calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

Dr. Edwards' Olive Tablets are the successful substitute for Calomel—there's never any sickness or pain after taking them.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. The Olive Tablet Company, Columbus, O. At all druggists.

A WORTHY HONOR.

J. Allerton Palmer received word yesterday of a fine honor which had been conferred on his daughter, Miss Anna Weir Palmer, a pupil in the public schools of Los Angeles, Cal. The young lady had a story accepted by the management of the school paper, "Brown and Gold," published by the Soutwest Intermediate schools of Los Angeles. There were nineteen classes in the competition so that Miss Anna had a large number of rivals and the honor of having her story received was something much more than ordinary. She has also been chosen chief editor of the paper which is another fine distinction.

THE "HOLLY PLAN" FOR TEACHING DOMESTIC SCIENCE.

The Womans' club of Holly, Colo., desiring to help the girls of that community to become more efficient in the common duties of housekeeping, co-operates with the school in the teaching of household art. The plan is as follows: The girls of the high school are divided into four classes, as indicated by the year of work they are taking in the high school. As many divisions are made of each class as are necessary to secure the best results. These divisions meet once or twice a week at the various homes in the city, and the girls cook, sew and do other household work such as washing, sweeping and dusting, under the direct supervision of the teacher and the mistress of the house. A definite outline of the work to be done in the home is given to the class and also to the lady of the house, so that she may have the material and utensils necessary ready for the use of the girls, who do all the work and leave the house in the same condition as they found it, washing and drying all

dishes and putting them into their proper places.

In the latter part of the course six or seven of the girls prepare and serve a light luncheon to six or seven other girls. The outlay of money being limited. The preparation and serving of the luncheon, also the conversation and manners of the guests, are carefully criticised by both teacher and pupils.

Occasionally the various divisions visit the grocery store to learn how to order groceries, the meat market to learn to distinguish the different cuts of meat, the furniture store to plan for the furnishing of a home, the hardware store to plan for the purchase of kitchen utensils. During the summer months the work is carried along by the mothers in the homes, who follow the outline the teacher leaves with the leader of the civic club.

The advantage claimed for the plan are:

1. There is no need of expensive school apparatus.
2. The girls learn to cook and do housework in the home and with the material and equipment found

there and not in a domestic science kitchen with utensils much better than those found in the average home of the community. The fact that they visit several homes during the course of instruction gives the added advantage of utilizing a variety of material under varying conditions.

3. In every community there are housewives who are efficient in some one or other of the domestic arts, such as the making of cake, the baking of bread, the serving of luncheons and dinners. Under this co-operative plan the school girls have the advantage of various recipes and methods; also of the varied instruction the advocates of these recipes are able to give. Under the ordinary plan the domestic science teacher would be compelled to give all this varied knowledge in the class room under artificial conditions.

4. It is a practical method of bringing the school nearer the people and of keeping the mothers close to the girls in their school work.

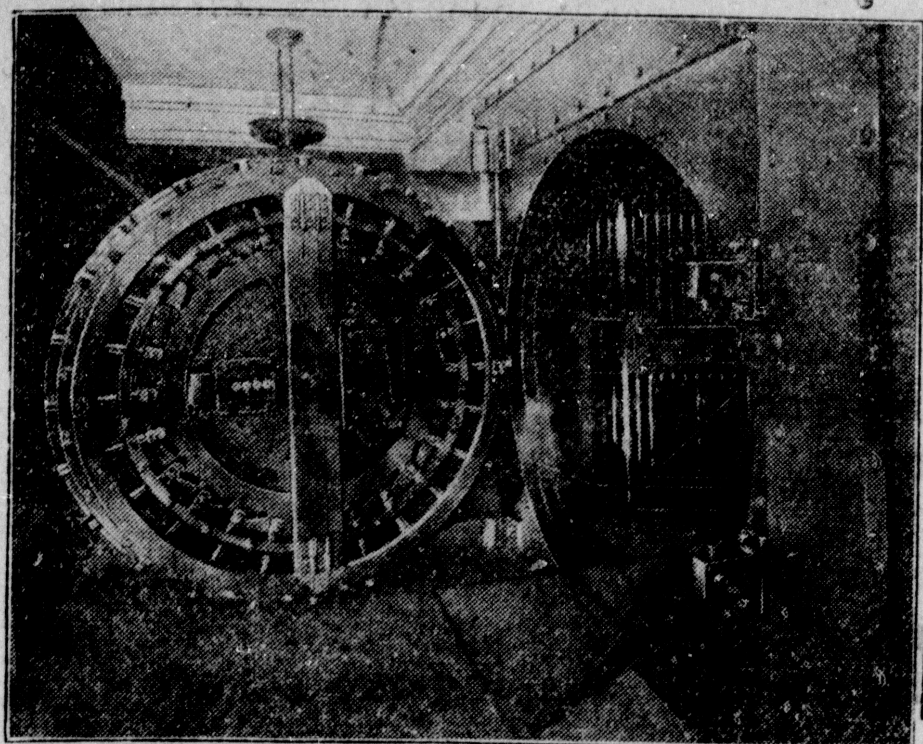

D. J. McInerney of Springfield made a trip to the city yesterday.

JACKSONVILLE PROOF.

WITH SICK PEOPLE.

Mrs. Carrie Cavander, sister of the late Mrs. B. H. Grierson, was removed yesterday from the family residence, 729 West State street, to the home of Mr. and Mrs. W. A. Bancroft, 225 Prospect street.

James C. Osborne is very sick at his home in Murrayville.

Benjamin D. Cade, who has been very ill at his home in Murrayville, shows a slight improvement in condition.

Miss Lorena N. Webber, public librarian, who is ill at Our Savior's hospital, is improving satisfactorily.

S. A. Fairbank has received word from Fairbank, Minn., that his grandson, Chandler Fairbank, son of Prof. Frederick Fairbank, has recently undergone a surgical operation for removal of mastoid abscess.

The matter was taken in time and all indications pointed to a satisfactory recovery on the part of the patient.

Charles Herberg of Ashland avenue is recovering from an attack of the mumps.

S. J. VanMetre of West North street is able to be out after an illness of some days duration.

J. A. Crum of West North street received word Monday announcing that his sister-in-law, Mrs. John Rist, had suffered a paralytic stroke at her home in Bowen, her entire left side being affected.

Mrs. J. A. Crum and Mrs. Perry Henderson, who are with their sister expected to return home Sunday evening, but remained on account of her illness.

Mrs. Elizabeth Osborne of 1228 West College avenue suffered a slight stroke of paralysis Sunday.

Her condition yesterday however was somewhat improved.

All Masons are requested to meet at the Lodge Hall at 1 p. m. today to attend the funeral of Bro. J. H. Caldwell.

MUSICAL COMEDY AT GRAND.

Joseph J. Smith's musical comedy aggregation, "The Hoo-la Girls," opened a weeks engagement at the Grand last night and greatly pleased two audiences, shows being given at 7 and 9 o'clock. The girls present an attractive program of songs and dances and the comedy work is of a high order. In addition to this excellent bit of musical comedy there are first-run moving pictures and the wonder of it is that Manager Boyd is able to present such a bill at such little prices, five and ten cents. The company will appear tonight with performances at 7 and 9 o'clock. A complete change of pictures.

MR. AND MRS. REESE JONES
HOLD DOUBLE ANNOUNCEMENT

Miss Mabel Jones will marry Harry Rimbey and Miss Mildred Jones will become Bride of Robert Mutch—Wedding in April.

Mr. and Mrs. Reese Jones of Murrayville made known, at a double announcement party Monday evening, the approaching marriage of their daughters, Mabel and Mildred, whose wedding will probably take place toward the latter part of April. Miss Mabel Jones will become the bride of Harry Rimbey and Miss Mildred will marry Robert Mutch, according to the announcement Monday evening, which was made in the presence of thirteen young lady friends of the brides-to-be.

The Misses Jones were reared and educated in the Murrayville community and are favorably known for charm and grace of manner and disposition. Robert Mutch is the son of Mr. and Mrs. John T. Mutch and is a young man of industry and integrity. He also was reared in the community and educated in the schools of Murrayville. Harry Rimbey is the son of Mrs. Cynthia Rimbey. He is engaged in farming and is a young man of much ability and promise.

The hours at the party were passed with games and music, the news of the approaching wedding being announced by the liberating from a bag of a white card bearing with initials inscribed. At a convenient season, a two course luncheon was served. Among the guests were Miss Gladys Osborne, Miss Vella Neal, Miss Beulah Keener, Miss Fannie Wilson, Miss Blanche McCullom, Miss Edna Cook, Miss Lella Galloway, Miss Helen Crouse, Miss Sarah Jones and Miss Geneva Whitlock.

The polls for the primary election today open at six o'clock. Democrats who see the advantage of having a resident judge will cast a vote for Judge F. E. Baldwin. He is qualified for the position and should be nominated.

STATE FACTORY INSPECTOR
AT THE PUBLIC LIBRARY

There will be a free lecture this evening at the public library by Oscar F. Nelson, chief factory inspector of Illinois, on "The Work of the Illinois Department of Factory Inspection." Mr. Nelson's talk will begin at 7:45.

Before Jan. 1, 1910, Illinois, the third largest industrial state in the union did not have upon its statute books any law imposing an obligation upon the employers of labor with regard to the health, comfort and safety of the workman in the thousands of mills and factories within the confines of the state. By the terms of the "hazardous machinery law" which became effective at that date, this state came to the front as a protector of labor. It is the duty of the chief factory inspector and his twenty-two deputies to enforce this law which, among other things, provides for the placing of guards around dangerous machinery, means for disconnecting power, driven machinery in case of accident, equal temperatures in work-rooms and for adequate fire escapes and other precautions against fire. Another law which it is the duty of this department to enforce is that providing against the employment of children under legal age in the factories of the state.

SMALL FIRE MONDAY.

Monday morning at 11:20 o'clock the fire department was called to the Chicago & Alton freight station where a spark from a flue burned a small hole in the roof. The firemen made a good run to the place, but the flames were extinguished with a bucket of water.

LIGHTING SYSTEM IMPROVEMENTS
ACTIVELY IN PROGRESS

New Boiler Has Been Shipped And Will Be Installed At Early Date—Generator And Poles Have Been Received.

Bernard Gause who has the contract for supplying the boiler purchased by the city a number of weeks since notified Commissioner Brennan yesterday that the boiler has been shipped and should be received in Jacksonville within a day or two. It was built by the O'Brien boiler works of St. Louis. The work of installing it will begin at once the desire being to have the additional steam power for pumping and light just as soon as possible.

Several car loads of poles to be used in connection with improving the street lighting system have been received by the city. Some of these poles are being placed in the city lot and others hauled directly to the streets where they are to be used. On account of cutting in on the wires for the installation of additional lights the new poles are required.

New Generator Being Installed. The belted generator for which the city recently made a contract has arrived and the work of installing it at the city plant is already under way. The generator will furnish the current for the city's Tungsten system of street lighting and in connection with the other generator in the light plant will supply a surplus of current which can be sold commercially. There will be some surplus even after light is furnished for all city and school buildings and for the pumping station. The delayed work of cutting in for additional street lamps will be pushed forward now just as rapidly as weather conditions will permit.

D. O. K. K. NOTICE. Important business meeting at Castle Hall, Tuesday, March 24th. L. E. Turner, R. V. H. J. Rodgers, Sec.

The Newsboy

Scampering newsboys have been placed in Chicago streets by a commercial system applied to newspaper selling, a penny business running in to many thousands of dollars in the aggregation daily. Time was when newsboys, with their bundles of papers and bootblack, with their brush axes, swarmed the streets and street cars, but the corner newsstand and the "shoeblackening parlor" have replaced both. The higher water mark in prices paid for corner newsstands was reached recently when Henry Hefner disposed of his stand and the exclusive right to sell papers at the corner of Wabash and Madison street for \$10,200. Hefner sold 10,000 papers daily and his income totaled \$200 a week. During the years he occupied the corner he has acquired a ranch in Montana and property in Chicago and other cities. The four Italian brothers who purchased the "corner" are said to be related over the bargain they drove with its owner. There was a time in Chicago when the only recognized right to sell papers on a certain corner was the ability of the newsboy to whip all comers, and even then he frequently found his place occupied in the morning by some husky individual, whose superior brawn warranted a peaceable relinquishment. As the town grew the newsboys formed an embryo association, having no officers or by-laws, but merely recognizing each other as belonging to a certain individual, and the members united in discouraging attempts to encroach on the recognized owner's territory. The immediate outcome of this plan was definite money value placed upon each corner, and later the recognition by the newspapers of the newsboy's right to a corner, refusing to sell papers to illegal competitors. This system was more firmly established after the advent of the pay-as-you-enter street car, which put an end to the wandering newsboy who jumped on the rear and peddled to the front, to the pleasure of the different passengers whose toes he trampled. The prices of "corners" went up accordingly when these newsboys sought permanent stands. They range now from \$25 to the record price paid to Hefner, and there is a code of unwritten laws governing their sale, observed by newsboys and newspapers alike, which is more binding than any made by a legislature.

The polls for the primary election today open at six o'clock. Democrats who see the advantage of having a resident judge will cast a vote for Judge F. E. Baldwin. He is qualified for the position and should be nominated.

MR. STRAWN'S FUNERAL WEDNESDAY

The funeral of the late Julius Strawn will be held Wednesday afternoon at 2 o'clock at his late residence, 331 West College avenue. The services will be in charge of Dr. A. B. Moyer assisted by Rev. Howard D. French. Interment will be in Diamond Grove cemetery.

The arrangements were completed after the arrival in the city Monday morning of Dr. David Strawn from Jacksonville, Florida. Dr. Strawn following a stay in California had gone to Florida for further rest and recreation and was enroute when his brother passed away. The news from Jacksonville while he was in California was to the effect that his brother was in usual health and so the news of his death came as a shock.

Wanted—Experienced Saleslady; none other need apply. L. C. & H. E. Henry.

BUSINESS CHANGE. The firm of William Newman & Son has been dissolved by mutual consent and William Newman, Jr., has succeeded to the business, having purchased his father's interest. He will continue as heretofore the management of first class garage and the agency of several leading cars. Jacksonville, Ill., March 23, 1914.

MORTUARY

Caldwell.
James Caldwell, died Sunday afternoon at 3 o'clock at Passavant hospital, where he had undergone an operation six weeks ago. Mr. Caldwell had not been in good health for some time, and it was for this reason that an operation was deemed necessary.

He was born in Morgan county, Jan. 6, 1859, the son of Robert L. and Julia Caldwell. He married Miss Katherine A. Pfeil, Feb. 17, 1887. Excepting for eleven years, which the family spent in Arenzville, they have always made Jacksonville their home. He had been living in Jacksonville on West Walnut street since January. He was member of State Street Presbyterian church, Jacksonville lodge No. 570 A. F. & A. M. and Jacksonville Chapter, No. 3 R. A. M.

Besides his widow he leaves one daughter Leah and the following brothers and sister, George A., of Beardstown, Charles R., of Pisgah, Mrs. Nancy W. Hurley, Browning; Mrs. Effie M. Goudreau, Pekin; Edwin G. and Lewis W. of Jacksonville; Mrs. Ella Williams, Leas Dale, Neb. The remains were prepared for burial at the Williamson and Cody undertaking parlors. The funeral will take place this afternoon at 1:30 o'clock at State Street church, in charge of Rev. Howard French, assisted by Rev. J. O. Hough. Interment will be made in Diamond Grove cemetery, the Masons having charge.

Cosgriff.
The funeral of John Cosgriff was conducted Monday morning at 9 o'clock from the Church of Our Saviour, in charge of Rev. Father Formaz. Interment was made in Calvary cemetery and the bearers were William Thompson, Leary Flynn, Arthur Harmon, E. A. Shumann, William Cruse and James Cosgriff.

Roberts.
Mrs. Nancy C. Roberts, died Monday evening at 6 o'clock at the home of her daughter, Mrs. F. M. Birdsell, southwest of the city, after a lingering illness.

Mrs. Roberts was born in Tennessee, October 30, 1833 and at the time of her death had attained the

age of 80 years, 4 months and 24 days. She was married to Thomas J. Roberts, November 25, 1869 and they were the parents of three children: Mrs. F. M. Birdsell, south of the city; Mrs. Minnie Myers of St. Louis and Joseph L. Roberts of this city. Mr. Roberts preceded his wife in death some ten years ago. Mrs. Roberts was a member of the Methodist church and was a woman of sturdy Christian character, admired by all who knew her.

The remains were taken to the Gillham undertaking establishment and will be taken to the residence of her son, 1147 King street, where funeral services will be held Wednesday afternoon at 2 o'clock.

Shepherd.
Milton Ray Shepherd, aged 75 years, died Monday morning at 7 o'clock at his home, 1338 Lincoln avenue, after an illness with arterio sclerosis.

Mr. Shepherd was born in Morgan county Jan. 17, 1836, a son of Lewis and Nancy Luttrell Shepherd. Aug. 23, 1869, he was married to Miss Emily Whitlock and they were the parents of four children, two of whom preceded the father in death, Ira Carl who died March 12, 1894, and Myrtle, who passed away Nov. 8, 1902. Herman and Hugh W. Shepherd, of this city, are the surviving children. During the civil war Mr. Shepherd enlisted in the 101st Ill. Vol. Inf., and was with Sherman on his march to the sea, and as a soldier he gave his country's service. For several years Mr. Shepherd had conducted a greenhouse on Lincoln avenue and was a man highly esteemed by a wide circle of friends.

Funeral services will be held Thursday morning at 10 o'clock at the late residence and interment will be made in the Shepherd cemetery.

SEAGLE WILL SPEND SUMMER IN ENGLAND.

Oscar Seagle, who gave the concert last night, expected to leave this morning for Chattanooga and after a few engagements in the south will go to New York. He will sail for Europe in May and spend the summer in England. He will return to America next fall, when he expects to make a tour through the United States.

COMMITTEES NAMED FOR GO TO CHURCH SUNDAY

Will Make Special Effort To Break All Jacksonville Church Attendance Records April 5th—Movement Has Country Wide Interest.

Arrangements are being rapidly shaped for the timely observance of "Go To Church Sunday" in Jacksonville April fifth. The preliminary work is well underway and the committees are taking an active interest in the matter. The "Go To Church Movement" has been taken up the country over by laymen and they have enlisted the aid of the newspapers and the public generally. While the effort is being centered on church attendance for that one day it is of course the hope that some of the people who attend will like the experiment well enough to repeat it.

The following are the various general committees which have the matter in charge:

DIGGING POTATOES.

Tramp Finds Half a Peck in Garden of W. J. Fell.

Digging potatoes out of a garden in March is an unusual thing and W. J. Fell, who resides on South East street, has the honor of having a half peck of the early variety. Monday noon a tramp presented himself at the Fell home and asked for something to eat, saying that he was willing to do some work for the same. After the meal Mr. Fell gave him a job of spading up a portion of the garden, about 15 feet square. When the tramp returned to the house he brought half a peck of potatoes which he had dug up. They were in a splendid condition and had just begun to sprout.

BIDS ARE ASKED.
Bids will be received until 12 o'clock noon Saturday, April 4th, 1914 by the city council of the City of Jacksonville for one auto chemical and hose wagon, in accordance with specifications on file in the office of L. H. Engel, commissioner of the department of health and safety, of the City of Jacksonville. The council reserves the right to reject any or all bids. A certified check for one tenth of the amount of each bid must accompany the bid.

R. L. Pyatt, City Clerk.

Dated, March 23, 1914.

BAPTIST CHURCH CALLS MINISTER

Offers Pastorate to the Rev. Joseph C. Dent of Chicago.

Through its official board, which met in executive session Sunday morning, the First Baptist Church of this city extended a call to the Rev. Joseph C. Dent of Chicago to fill the pulpit made vacant by the resignation of the Rev. W. L. Dorgan the first of last October. Rev. Mr. Dent preached here last January and met with general favor by reason of his earnest manner and excellent presence. He is pastor of the Pilgrim Temple Baptist church in Chicago and held charges in several other cities in northern Illinois. Rev. Mr. Dent is a speaker of first class ability and education and the members of the First Baptist church are hoping for a speedy acceptance of their call.

RETURNS FROM BANQUET OF CHICAGO I. C. ALUMNI

Dr. Rammelkamp Attends Feast Which Proves a Most Successful Affair.

Dr. Charles H. Rammelkamp has returned from Chicago where he attended the banquet of the Chicago Illinois College Alumni club, held last Friday evening. President Rammelkamp was on his way home from the east. Among the special guests, aside from Dr. Rammelkamp, were William H. French, Rev. Mr. Sprague of the Wellington Avenue Congregational church and Prof. Alfred E. Day, an instructor in the Protestant college at Beirut, Syria. John E. Kehoe, '88, acted as toastmaster and the principal speakers were Dr. Rammelkamp, Prof. Day, Mr. French and Prof. John Clapp of Lake Forest. At the meeting the society decided to offer a silver loving cup to be given to the class having the largest attendance at the alumni reunion on commencement day. The class which wins the cup will have its names engraved on it and during the school year it will be displayed in the library at the college. At Amherst this plan has resulted in stimulating very greatly interest in commencement exercises. Resolutions of sympathy to the families of E. W. Blatchford, Paul Selby and Julius E. Strawn were passed.

The officers elected are: President—J. A. Meek, '03. Secretary—R. W. Cooke, '02. Representatives on the board of directors of alumni fund—Dr. Arthur D. Black and Victor W. Nelson.

BOOTLEGGER ARRESTED.

When Martin Pierson alighted from the Wabash passenger train at 10:20 o'clock Monday morning he was arrested by Patrolmen McGinnis and Tuite on suspicion that he had been to Berlin to make purchases of "booze." The suspicion proved well founded for when Pierson was taken to the office of Chief of Police Davis he had in his possession five quart bottles of whiskey. The bottles made quite an imposing display of liquor on the table in Chief Davis' office. Pierson will be arraigned in court today.

CITY AND COUNTY

Thomas Brown was a visitor in the city Monday from Sinclair. Wiley Todd of Lynnville was among the city visitors Monday.

H. H. De Groot of Joy Prairie was a business visitor in the city Monday.
